

ORBIT, OUTDOOR, BOLLARD

DESCRIPTION

ORBIT makes its presence known through a distinctly sculptural circular form that is as visually compelling unlit as it is illuminated. Its bold ring silhouette brings a sense of movement and character to any exterior setting, available as a wall mount or a sleek bollard that rises from the landscape with quiet drama. Whether anchored to a façade or standing at ground level to guide a pathway, ORBIT casts a warm, ambient glow that is as refined as it is purposeful.
