Certification **ETL**

Installation — Standard 24 in width, built-in. Hardwired 120V with included junction box. Custom panel mounting hardware included with each unit; panel 23 3/8 × 29 1/2 in.

OVERVIEW

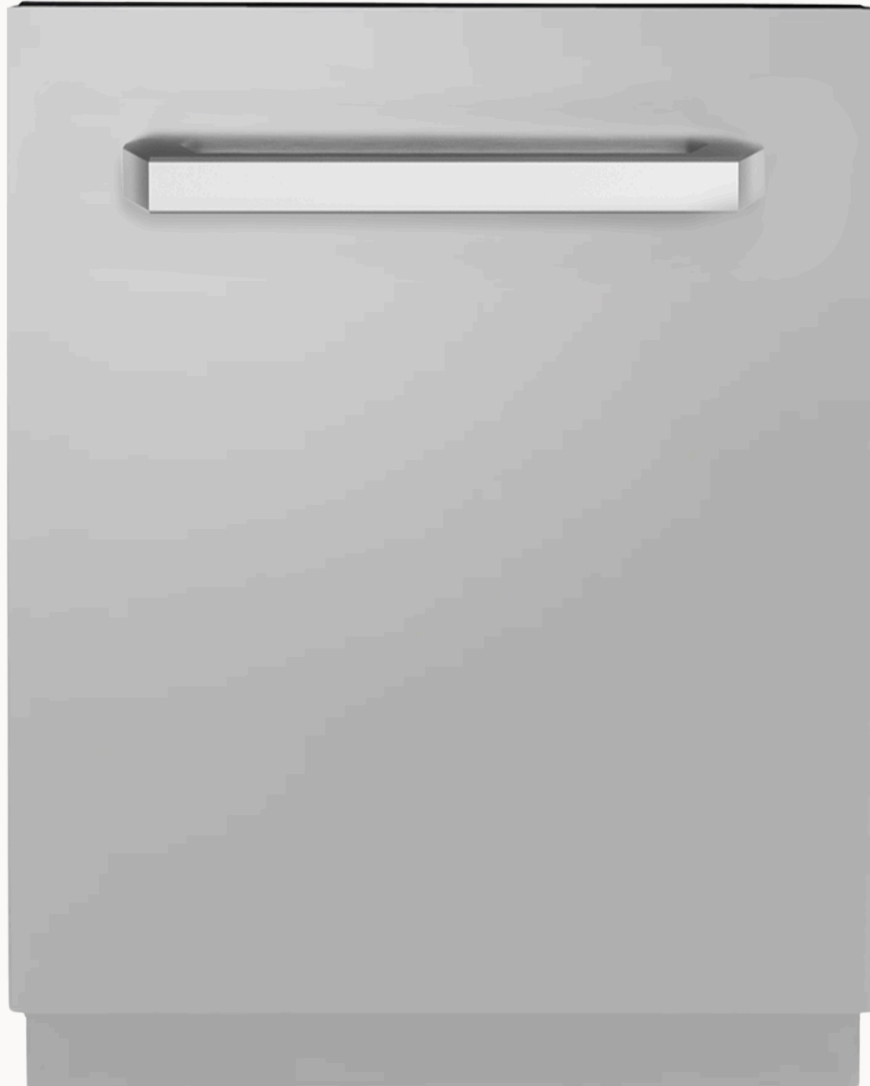

Precision cleaning at just 44 dBA. Multi-stage filtration and auto-sensing wash technology optimize every load, a heated dry system skips the towel, and a commercial-grade 304 stainless tub retains heat and lasts. Panel-ready front accepts a custom cabinetry panel (handle not included). Uses as little as 3.1 gallons per cycle.

KEY FEATURES

- Whisper-quiet 44 dBA operation
- Multi-stage filtration with auto-sensing wash technology
- Precision heated dry — no towel finishing needed
- Six wash programs incl. high-temperature & sanitize modes
- Flexible 3-rack system · up to 16 place settings
- Commercial-grade 304 stainless steel tub
- Concealed top touch control · hardwired with included junction box
- Panel Ready — accepts custom cabinetry panel (handle not included)

24" PROFESSIONAL DISHWASHER

DWM-24-SS · DWM-24-BS · DWM-24-PR · DWM-24-SS-VEGA · DWM-24-BS-ORION

44 dBA

Quiet enough to run through a conversation in the same room.

Third rack standard

A full-width top rack for utensils and small tools, on top of 16 place settings.

304 stainless tub

A steel tub holds heat for drying and will not stain or retain odour.

3.1 gallons per cycle

Among the lowest water draws in its class, with a sanitize option.

Panel ready option

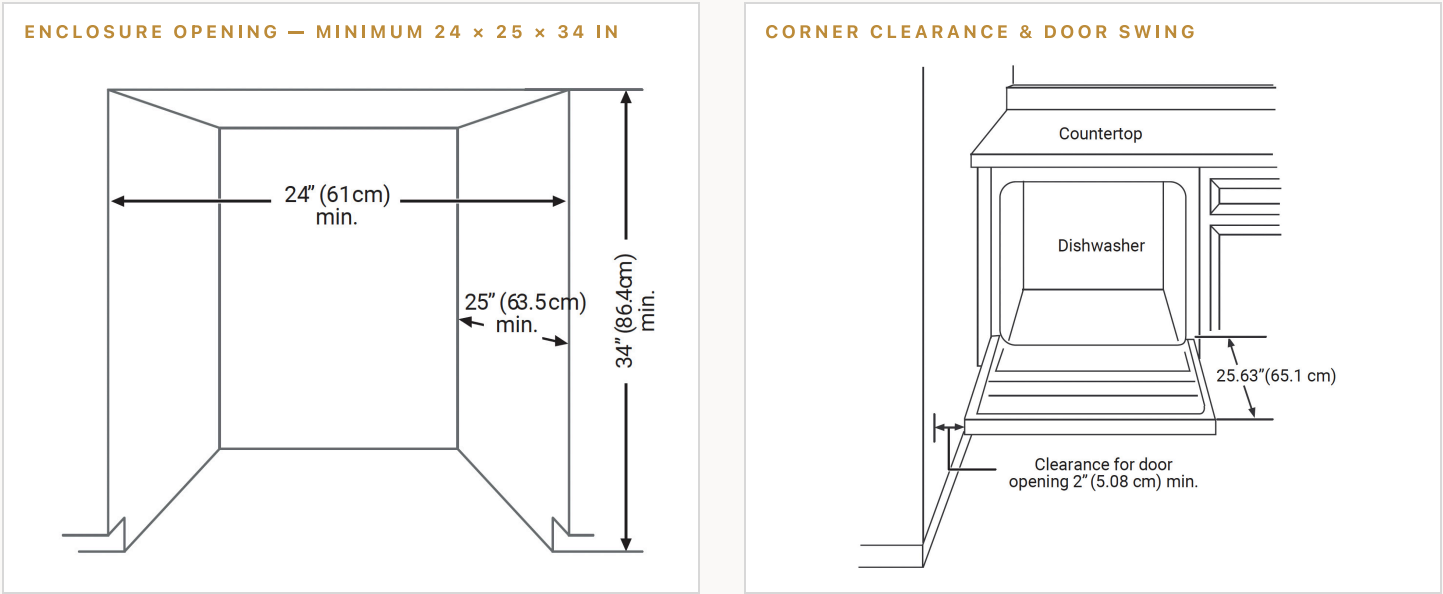

Takes a custom panel to disappear into the cabinet run, or matches the suite in steel.

Lifetime parts warranty

Parts covered for the life of the appliance, backed by the Restore & Renew refurbishment program.

24" PROFESSIONAL DISHWASHER

DIMENSIONS & INSTALLATION — ALL FINISHES

Enclosure must be clean and obstruction-free, and enclosed on the top and both sides by standard residential cabinetry. A 25 in deep countertop sets the door flush with the counter front. Corner installations need 2 in minimum clearance to any adjacent cabinet, wall or appliance and 25.63 in in front for the door. Drain hose run must not exceed 10 ft.
