

Assembly Instruction Sheet

Please go to our website for product cleaning tips. Go to the **Care + Maintenance** selection.

Tools Required: Flathead screwdriver, Phillips screwdriver, pliers, wire cutters, wire strippers, electrical tape, safety glasses.

Light Source: (3) B10 Candelabra Base bulbs 60W Maximum or

(3) Candelabra Base T8 Vintage bulbs are recommended but not supplied.

Estimated Assembly Time: 20-30 minutes

Preparation: Identify and inspect all parts before beginning installation. Check package content list and diagrams below to ensure all parts are present. If any parts are missing or damaged, do not attempt to assemble, install, or operate the fixture. Contact customer service for replacement parts.

⚠ Warnings and Cautions

Turn off electricity at circuit breaker or main fuse box before installation. Consult a licensed electrician if in doubt.

These instructions are provided for your safety. It is very important you read them completely before installing the fixture. We strongly recommend that a licensed, professional electrician perform the installation.

Disconnect fixture from power source before replacing bulbs. Make sure bulbs are given sufficient time to cool before removal.

A Mounting Screw
x 3

B

C Glass Panel
x 4

Fixture Body
x 1 **D**

STEP 1 – Install Glass Panels, Bulbs and Fixture Hood

- Unscrew screws from the top edge of the Fixture Body (D) to remove glass holder.
- Insert Glass Panels (C) into the slot in the bottom edge of the Fixture Body (D). Attach the glass holder onto the top edge of Glass Panels (C) and align holes on it to mounting holes on the Fixture Body (D). Secure the glass holder with removed screws. Tighten gently until snug with screwdrivers.
- Insert bulbs onto sockets and screw snugly into place.
- Remove lock screws from the

STEP 4 – Drill Holes

A. Using the 1/16" bit and drill, drill a pilot hole completely through the post at each (3) locations marked in step 5 above.

Figure 4

STEP 5 - Wire Connections

A. Use standard wire connectors (not included) to make all wire connections. Twist connectors until wires are tightly joined together. Wrap each connection with approved electrical tape and carefully stuff all the connected wires into the Outlet Box.

Figure 5

STEP 6 – Attach the fixture to the Post Mount

A. Place the fixture on the post lining up the mounting holes on the fixture fitter with the holes on the post. Use the Mounting Screws (A) to attach the fixture to the post.

Your fixture is now assembled and ready to use. Enjoy!
