For product performance failures caused by non-human damage during the warranty period, you can enjoy the following three guarantees services

Warranty regulations

For product performance failures caused by non-human damage during the warranty period, you can enjoy the following three guarantees services

≤7Days

Within 7 days of purchasing, if there is a product quality problem in the smart speaker box, the consumer can choose to refund the loan at one time according to the invoice price or replace the smart speaker box of the same model and specification.

≤15Days

Within 15 days of purchasing, if there is a product quality problem with the smart speaker box, consumers can choose to replace the smart speaker box of the same model and specification. During the free warranty period, after the products are returned, they will be tested by the authorized service provider of intelligent loudspeaker box. After the failure is confirmed, the authorized service provider of intelligent loudspeaker box can choose to repair, renovate or replace them, the replaced damaged parts will not be returned to users. For the detected trouble-free products, send them back as they are.

The term of three guarantees of smart speaker box is one year; This certificate shall not be altered, otherwise it shall be tested as invalid certificate; This certificate is valid only after being sealed by the machine seller.

Non-warranty regulations

Under the following circumstances (including but not limited to), it is not within the scope of the "three guarantees" service

Without "three guarantees" certificate or missing valid invoice or exceeding the validity period of "three guarantees" service

Damage caused by fire, flood, lightning and other force majeure

Damage caused by failure to use, maintain and maintain the product according to the requirements of the product instructions

Caused by the disassembly and repair of non-intelligent loudspeaker authorized service providers;

The product model or code on the warranty certificate is not combined with the actual product, or there is alteration;

The product is decolorized, worn and consumed normally during use;

The products cannot be used due to consumers' own network reasons;

The repaired power supply has obvious phenomena such as damage of hard objects, cracks, broken legs, serious deformation, damage of power line, broken bare core, etc. The power supply is not guaranteed to be replaced.

In case of the above situation, you should seek solutions from the relevant responsible party or choose paid services, or purchase separately.
