All Accessories for Installation

Application

Its lighting area is 10-15 m²/ (107.6-161.5 square feet). It is suitable for bedrooms, hotels, living rooms, dining rooms, cottages, cafes, bars, libraries, and other indoors.

Notes:

1. Please disconnect the power before cleaning the shade or fixture and wipe with a soft, dry cloth.
2. Please allow the slight color difference caused by the shooting light and the 1-3 cm error due to manual measurement, and make sure you do not mind before ordering.
