

INSTALLATION INSTRUCTIONS

FL-7590

Dear Buyers: Thank you for purchasing this product. Prior to use, we kindly request that you carefully review the instructions provided.

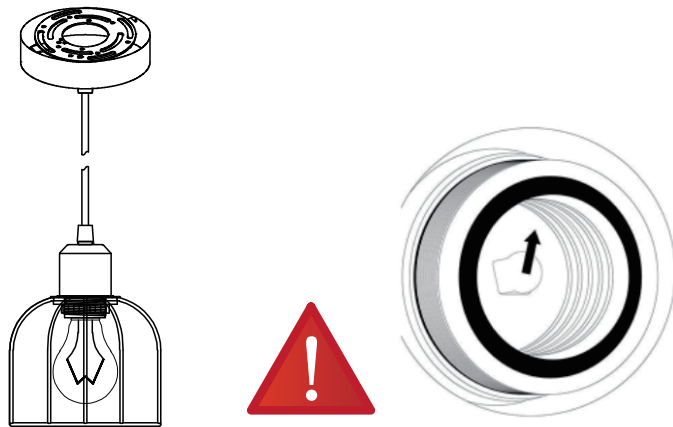

1. Please adhere to the installation instructions strictly.
2. For any replacement parts, please refrain from making unauthorized modifications.

Important Guidelines:

1. Always ensure the power to the circuit is turned off before commencing installation.
2. Installation should be conducted by a certified electrician.
3. This lamp must be permanently wired into the electrical system.
4. Avoid any attempts to modify or replace fittings as this may lead to damaged lamps or potential accidents. Your safety is our priority.

Thank you for your cooperation and safe usage of our product.

If you find the lamp won't be illuminated after the wire is installed and inserting the E26 light bulb, please try to raise the internal metal contactor in the socket. Please make sure the power was disconnected before operating.
