 <p>The diagram illustrates the assembly process in three stages. On the left, the metal stand is shown in its collapsed state. In the middle, the stand is partially unfolded, and a screw is being tightened at the base joint, indicated by an arrow and the label 'Screw'. On the right, the stand is fully unfolded into a square shape, and a circular glass top is being lowered into place, with an arrow pointing down to the top edge of the stand.</p>	 <p>The diagram shows the final assembled product, a square metal stand with a glass top. The stand has four legs and a central support structure. The glass top is a circular disc that fits perfectly on top of the stand.</p>
<p><b>Step : 1</b> Open the metal stand, tighten the screw at the bottom and then place the glass top.</p>	<p><b>Step : 2</b> The Product is ready to use</p>
