Item Weight: 1 lb

Number of Lights: 1

Suggested Bulb: G Globe

Socket Type: E12

Watts per Socket / Item: 60 / 60

Cord: 1' Black/ White

At first glance the Bel Canto Brass Wall Sconce has few distinctive design elements but a longer look brings the raised circlets of metal near the light source and at the point where the stem attaches to the wall-plate into view. There's also a hint of one as the narrowing point of its body reaches its culmination as gracefully as an opera conductor's wand. The gold wall sconce is made of metal in an antique brass finish, and is ADA compliant and certified for damp locations. We also offer the Bel Canto in polished nickel and oil-rubbed bronze finishes. Part of the Bagno Collection of wall sconces designed for bathroom spaces.
