

Assembly Instruction Sheet for Model 473927

Package Contents

Part	Description	Quantity
A	Fixture Body	1 pc.

A

STEP 1

1. Connect the lamp pole and be careful to pass the wires into the holes. Connect all the white wires with the white wire (fire wire) from the hanger by wire connector. Connect all the black wires with the black wire (fire wire) from the hanger by wire connector. As follow the picture.

STEP 2

2. Insert bulb(no provided) onto socket and screw snugly into place.

STEP 3

3. Place cap over the Socket, secure by Spring piece.

STEP 4

4. Use the mounting screws to attach the mounting bracket onto the ceiling.

STEP 5

5. Be careful to pass the wire into the hole, connect the lamp arm. Make the electrical connection from ceiling to the fixture. Connect the ground wire to the mounting bracket using the GREEN hex-head ground screw. Connect the ground wire with the ground wire from the ceiling. Then connect the live wire (fire wire) from the fixture with the live wire from the ceiling by wire connector. Connect the naught wire from the fixture with the naught wire from the ceiling by wire connector. As follow the picture.

STEP 6

6. Attach the canopy over the mounting bracket and secure with mounting screws. Tighten until snug with screwdrivers.

Your fixture is now assembled and ready to use.
