Congratulations!
Right Arm Chaise is ready!

HOW TO CONNECT

Now you have successfully completed the assembly of each module. All modules connect using connectors attached to the underside of each seat frame.

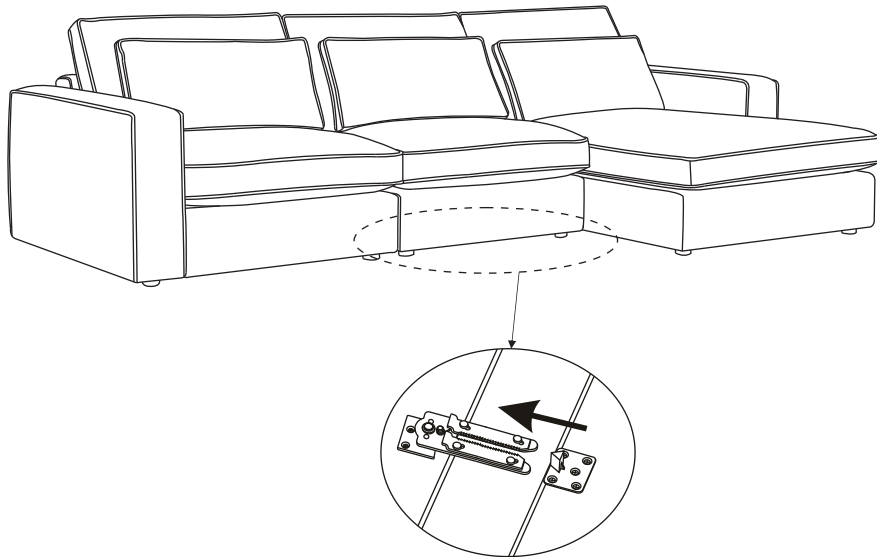

Step 1: Place all assembled modules upright on a level, stable surface.

Step 2: Align the Left Armchair flush with the Armless Chair. Slide its receiving plate fully onto the latch plate of the Armless Chair, then push horizontally toward the center until you hear a distinct click.

Step 3: Repeat Step 2 for the Right Arm Chaise.

Step 4: Verify that both joints are fully engaged: there should be no visible gaps, and no movement when gently pressed.

Note: If the connector does not engage with an audible click, gently lift the module, recheck alignment, and try again. Never force the connection.

Care Instruction

For non-removable areas:

Blot and spot clean immediately with a clean, absorbent cloth and a water-free stain remover (Cleaning Code: S).

For cushion covers:

- Ⓟ Dry clean only.
- ☒ Do not tumble dry.
- ☒ Do not bleach.
- ☒ Iron at low temperature (230°F / 110°C or below).
