Contents

1. Phone Network Settings	2
2. Setting Up Tuya Smart App and Account.....	2
3. Configuration Fireplace WiFi.....	3
4. Connect to Alexa	6

The WiFi capabilities are powered through the Tuya Smart mobile app. Follow this easy guide to connect your smart fireplace to your home network.

1.Phone Network Settings

1.1 Connect your mobile phone to your Wi-Fi network.

1.2 Turn on Bluetooth on your mobile phone.

2.Setting Up Tuya Smart App and Accounts

If you have an account with the Tuya App, please skip this operation.

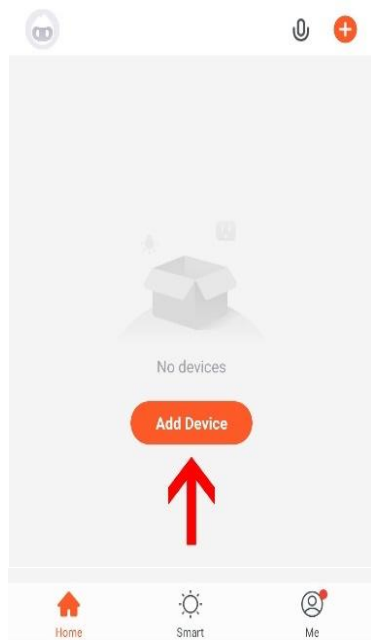

2.1. On your mobile device, download the Tuya Smart App from the appropriate app store or click the QR Code provided to download the app.

2.2 After account is created, log into account and select the Add Device button.

About Tuya account registration can refer to:

(tuya.com) How to connect to Alexa?

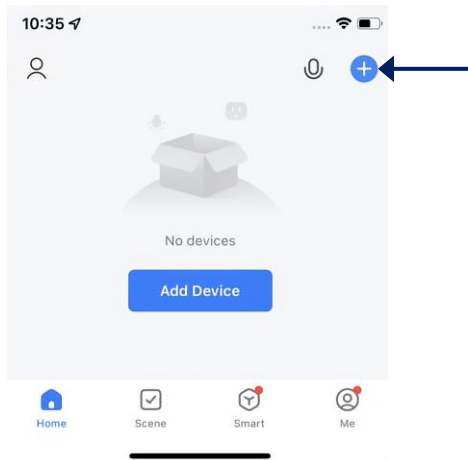

3.Connect to APP

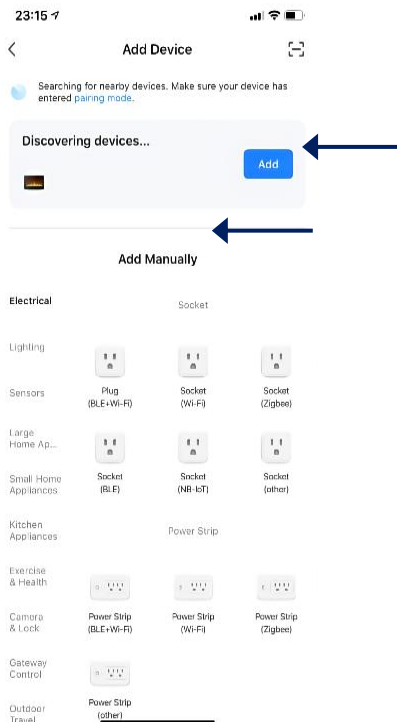

3.1 Make sure the fireplace is plugged in and is in standby mode (not powered on). Press the power button for 6 seconds to enter the Wi-Fi pairing mode. The screen will keep flashing "SL".

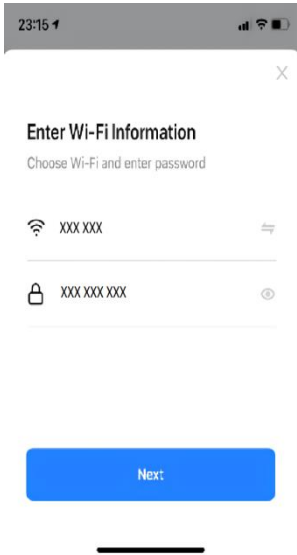

3.2 Open Tuya APP and click "+" in the upper right corner.

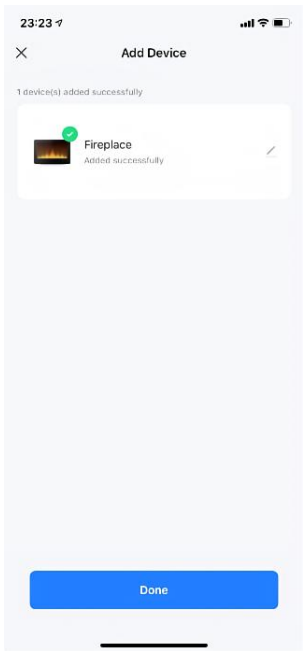

3.3 After the APP automatically searches for the device, click "Add"

3.4 Enter your WiFi password and click "Next".Only 2.4G Wi-Fi is support.

3.5 Click "Done" to add the device successfully.

Note:In the App,change the name of the device to an easily identifiable name such as Alexa; names are usually in English, such as "Fireplace".

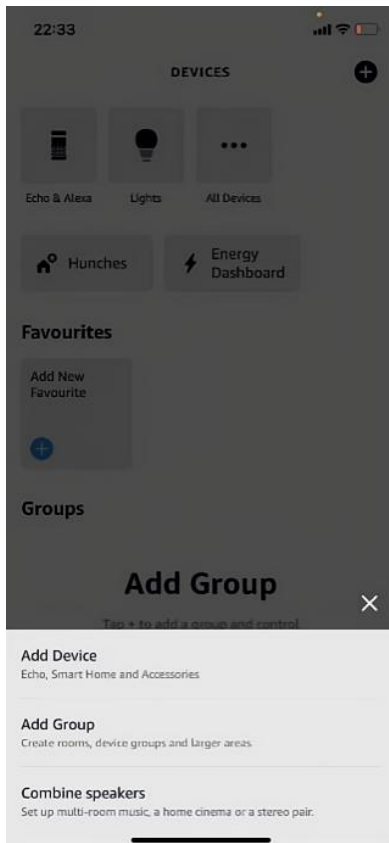

4. Connect to Alexa

NOTE: Before connecting, Please make sure the product is tied to the tuya app.

1. Configure the Amazon Echo device

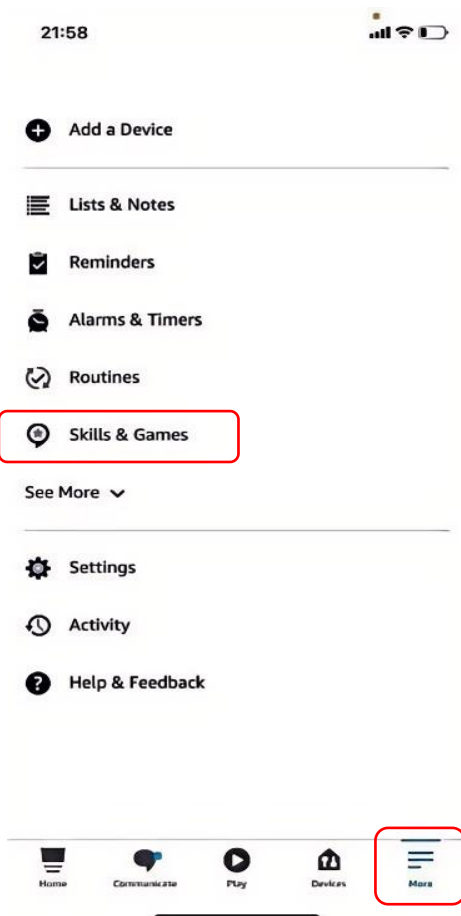

(If you have already configured Amazon Echo, you can skip this step. The following instructions are based on the iOS client.)

- Make sure your Amazon Echo device is powered on and connected to a Wi-Fi network.
- Open the Alexa App on your phone. **After successful login**, tap on the "+" in the upper right corner of the Devices page,
- tap "Add Device" to set up the Amazon Echo.

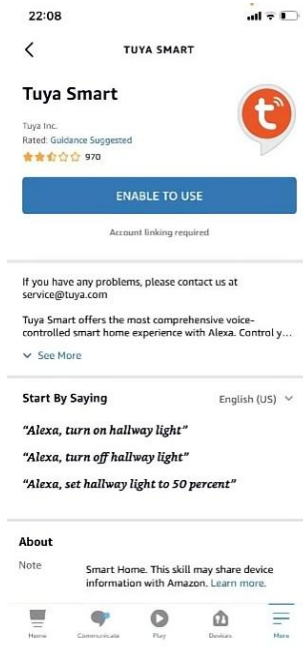

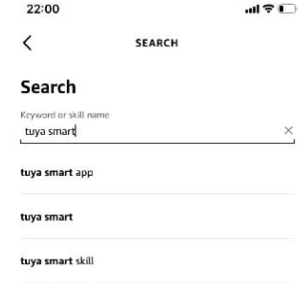

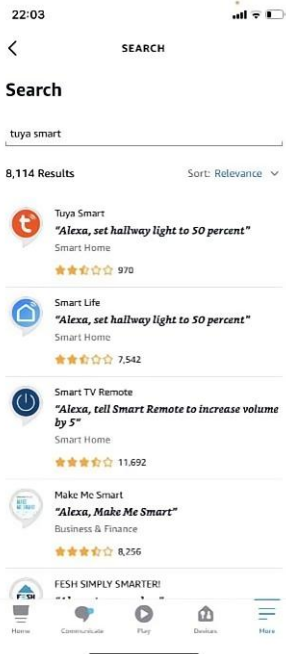

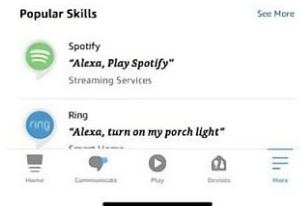

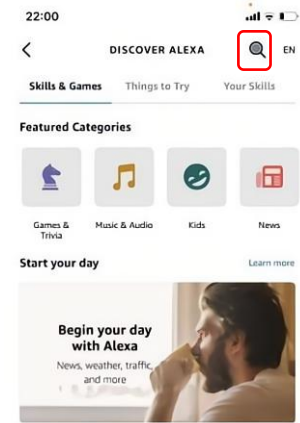

2. Key step — Link Skill

2.1 Tap on the **"Skills & Games"** in the **"More"** page in the Alexa App menu.

2.2 Search for "Tuya Smart". Tap "ENABLE TO USE" to enable the Skill.

2.3 Enter your Tuya App account and password, then tap **"Next Step"** to link your App account to enable the Skill. Now you can start your smart home journey.
