KUPSA Coatings - Industrias Químicas KUPSA S.L.

Certificate of REACH Compliance and of absence of SVHC.

To whom it may concern:

The European REACH regulation on the Registration, Evaluation, Authorization and Restriction of Chemicals, regulation EC No. 1907/2006, came into force since June 2007. All the chemicals produced in the European Union or imported into the European Union market must be pre-registered.

This is to certify that all the industrial wood coatings produced by KUPSA are in full compliance with the REACH legislation, and the classification of the possible hazards due to the use of our coatings, as well as the labels and hazard phrases are made according to the European Union CLP regulation EC No. 1272/2008 of Classification, Labelling and Packaging of Chemicals Substances and Mixtures.

Besides that, we also certify that no one of our wood coatings contents any REACH listed Substances of Very High Concern (SVHC). The list of hazardous substances employed in our recipes is stated in the product safety data sheets.

Dated at Oyón, Alava, (Spain), 2nd December 2024.
