Product Description: Clear the clutter, streamline your life and create a calm and tranquil haven at home with the help of the sleek silhouette of the Cascade File Cabinet. Crafted of Oak Veneers, the cabinet is finished in Terrain, a soft taupe color with dry-brushing, and accented by champagne-colored tab pulls. This highly-functional piece has two doors with magnetic door catches and soft-close hinges. Behind the doors is one locking file drawer below and one fixed shelf above for storage.

Collection Features: Designed to interject a sense of calm and tranquility into interior spaces, the Cascade Collection creates an elegant - yet livable retreat from our modern day, fast-paced lifestyles. Characterized by its light and airy neutral color palette and use of mixed materials including oak, lacquered burlap, metal accents and champagne-tone hardware, the collection's modern styling can easily find its way into a variety of interiors across the country. As soothing as water falling from a steep rocky slope, the Cascade Collection was designed to spark Zen, tranquility and calmness in any living space.

Material: Oak Veneers

Drawer Construction: Hooker Furniture offers full height, full depth and

full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
