

Assembly Instructions for Model 1747588

Assembly method

1. Locate the light cord retainer and remove the patterned washer and nut.

2. Pass the light cord through the inside of the retainer, and then tighten the screw on the side to secure the light cord.

3. Connect the light cord retainer to the ceiling plate.

4. Secure it with the washer and nut.

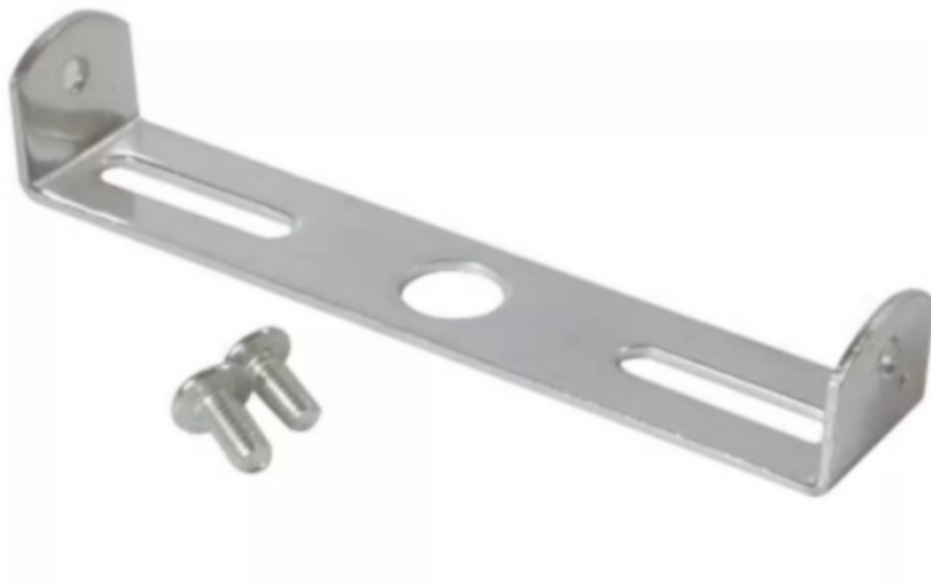

5. Remove the ring from the light socket.

6. Attach the lampshade, then screw in the ring to secure it.

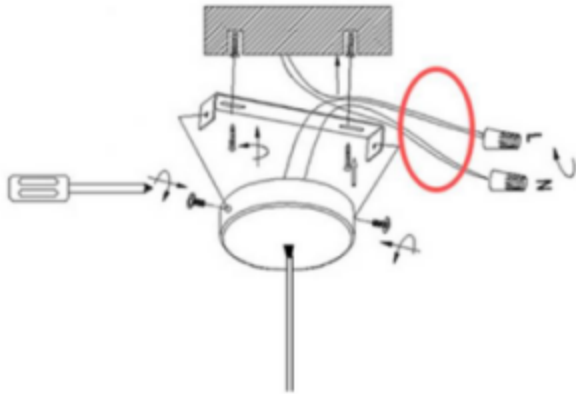

7. Locate the mounting bracket; the short screws are used to connect the mounting bracket and the ceiling plate.

8. Fix the mounting bracket to the ceiling as shown in the diagram.

Connect the live wire (L) to one of the lamp wires, and the neutral wire (N) to the other lamp wire.

9. Fix the ceiling plate to the mounting bracket with the short screws, following the diagram from the previous step.

The installation is complete.

Your fixture is now assembled and ready to use.
