B- 1 Package for Screws

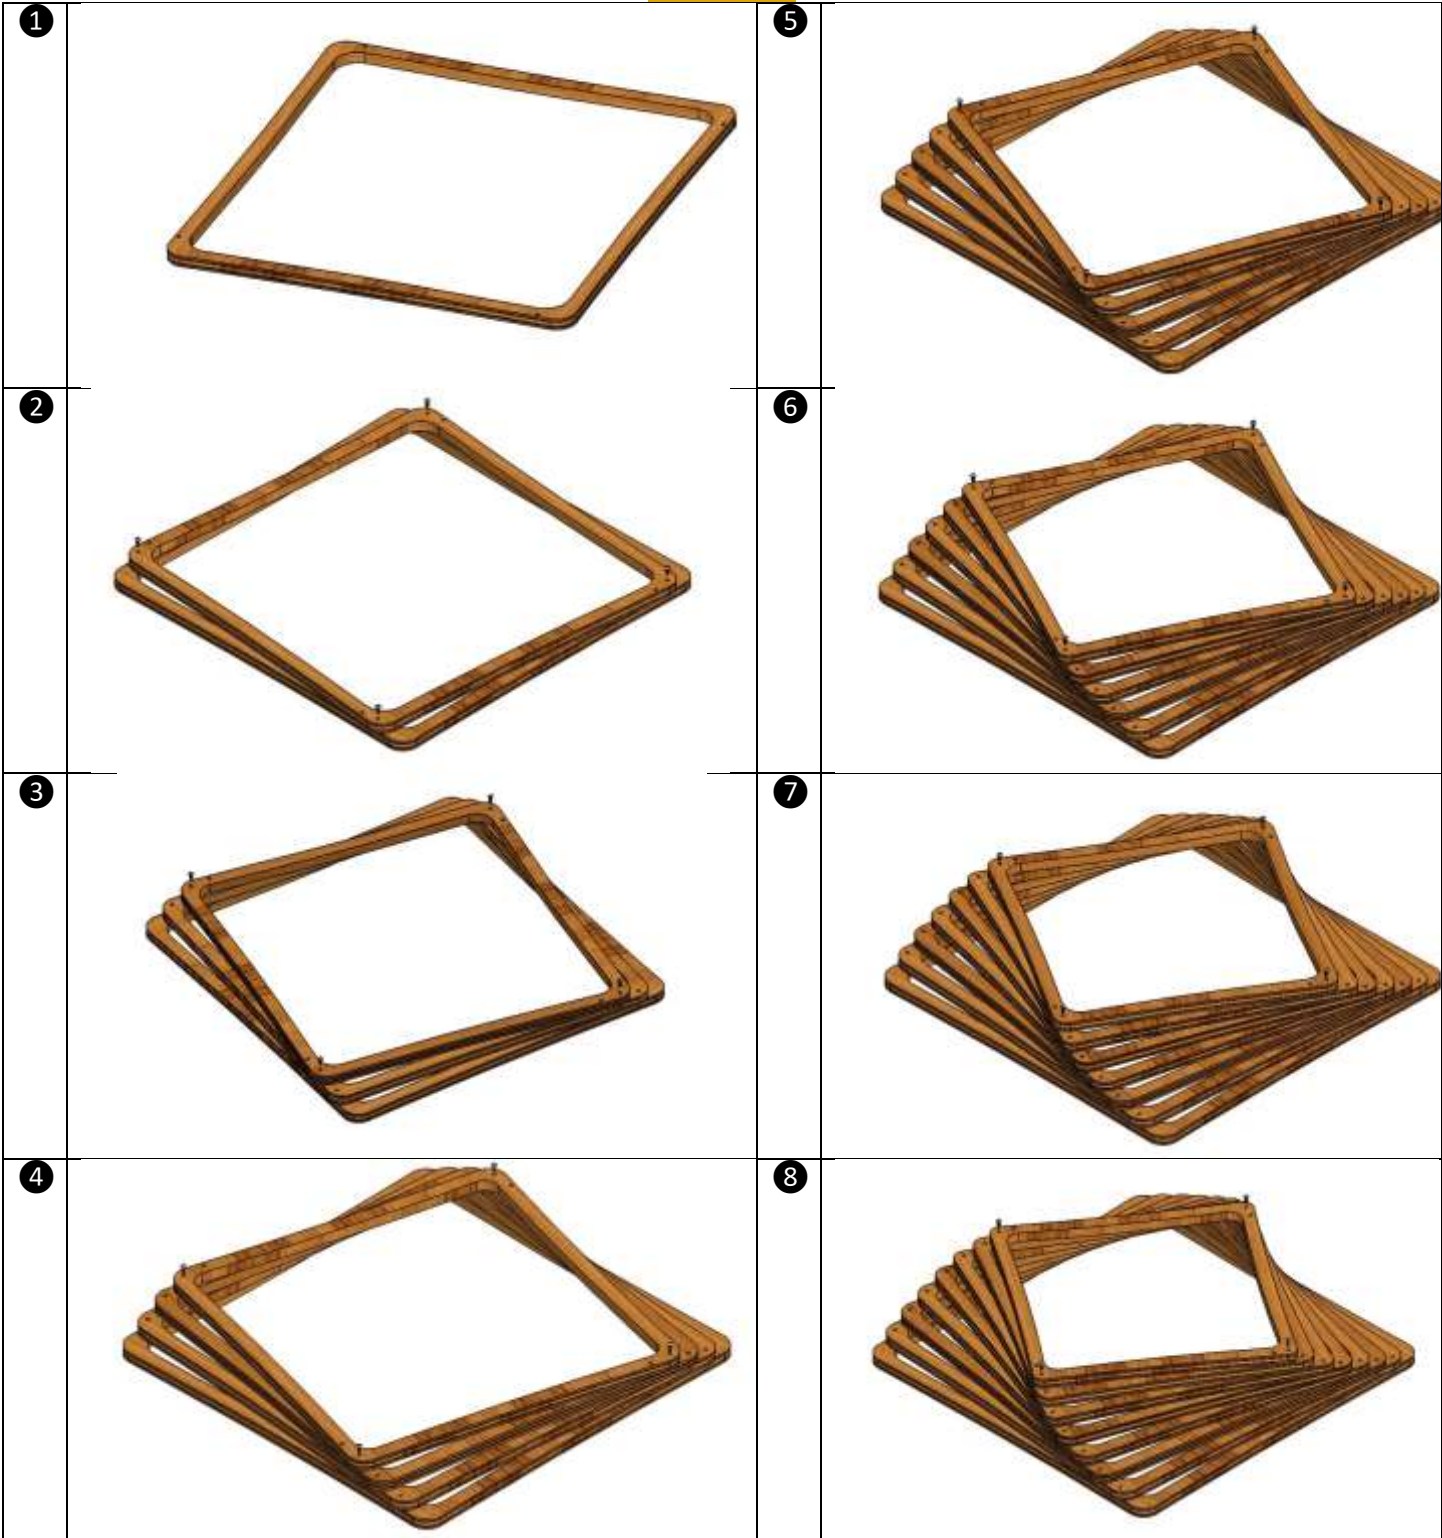

C- 13 Wood Pieces:

Assembly Instructions:

- 1- Open the box.
- 2- Move the glass to the side.
- 3- Make sure the face of the table is facing down to the floor.
- 4- Open the small package that has the screws.
- 5- Move the biggest piece to a separate area to do the assembly and keep it facing down.
- 6- Move the piece that next in size and keep it facing down and place it on the top of the biggest piece.
- 7- Rotate the second piece on the top of the biggest piece until all the holes on the second piece are in a positions that will allow the screws to go down to the marked area in the biggest piece in order to tie the two pieces together.
- 8- Once all the holes are on the right positions, put the screws in the holes and tight them down.
- 9- Repeat the steps 6 & 7 & 8 for the remaining pieces.
- 10- Turn the table upside down.
- 11- Move the glass to the top of the table.
