# NEON LED SIGN WITH ANIMATION-BAR

USE INSTRUCTIONS:

How to use?

1. Determine a location for the LED sign. This item is for INDOOR USE ONLY.
2. You can either hang this using a metal chain (included) or wall mount using two triangle hooks located on the back of the sign.
3. Plug into 110V AC electrical outlet.
4. Turn on the LED sign by using the ON/OFF power switch located on the cord (Figure 1)
5. Turn on the LED lights by using the red button on the side of the sign (Figure 2). You can press the button for either a static or animated mode.
