

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Thread the nipple (J) into the coupling on fixture (H). Place the column (K) over the nipple (J) and secure with finial (L).
4. Thread the nipple (G) into the coupling on fixture (H). Place the column (F) over the nipple and secure with coupling (E). Thread the rods (C,D) together and thread them into the coupling (E). Thread the top end of the rods into the canopy (A).
5. Place the canopy (A) over the crossbar and allow the mounting screws to go through the canopy (A), securing with the round nuts (B).
6. Install the bulb (not included) into the socket (I).
7. Refer to the additional installation instructions included with the product of wiring and installation.
8. Restore power to the installation point and retain this sheet for future reference.
