Assembly instruction

9

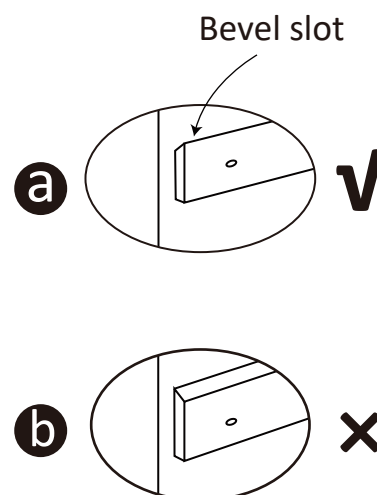

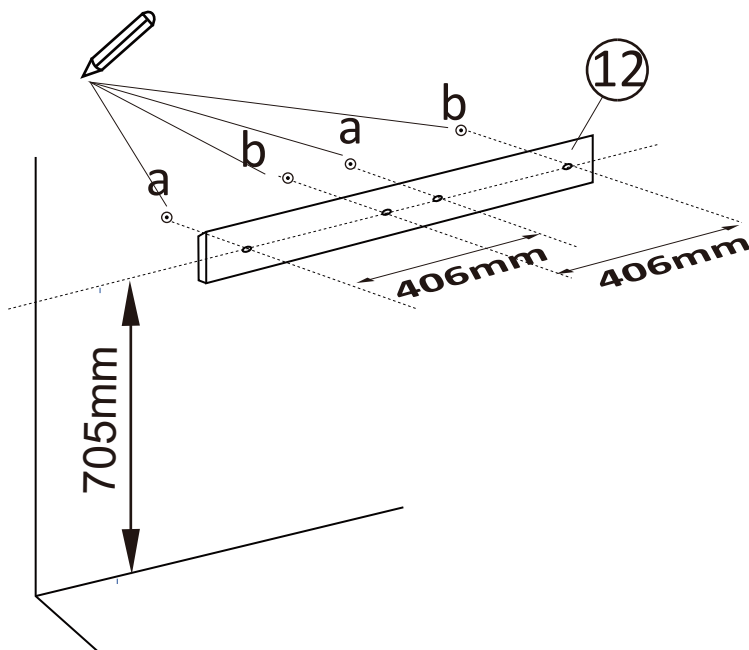

10

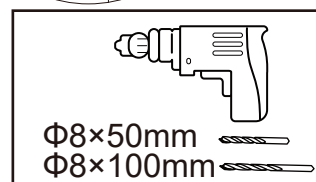

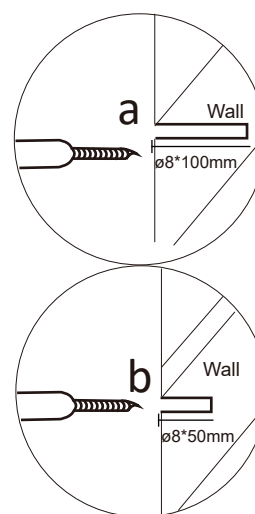

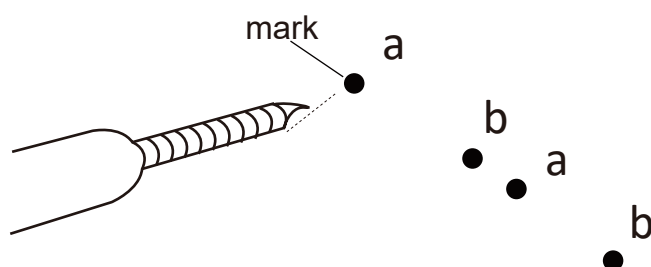

Assembly instruction

- 11** Make a mark on the wall as below.

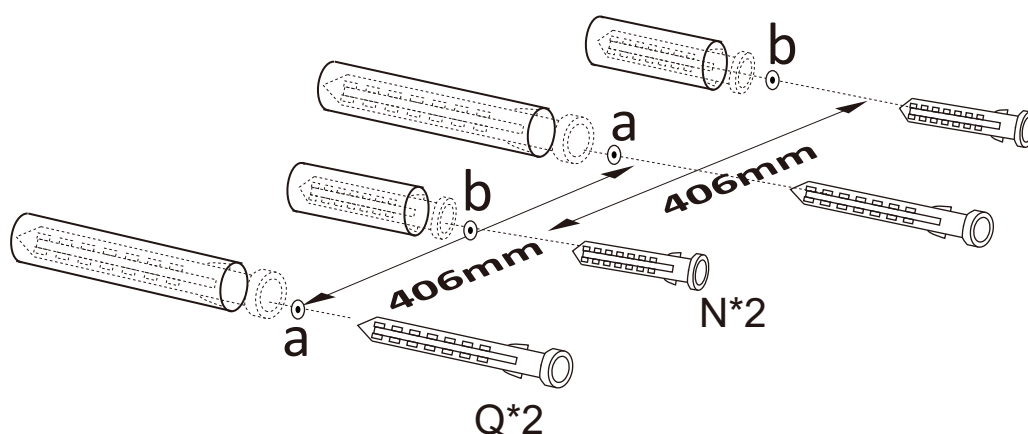

- 12** Drill into the wall. please note the hole depth marked "a" is 100mm, the hole depth marked "b" is 50mm.

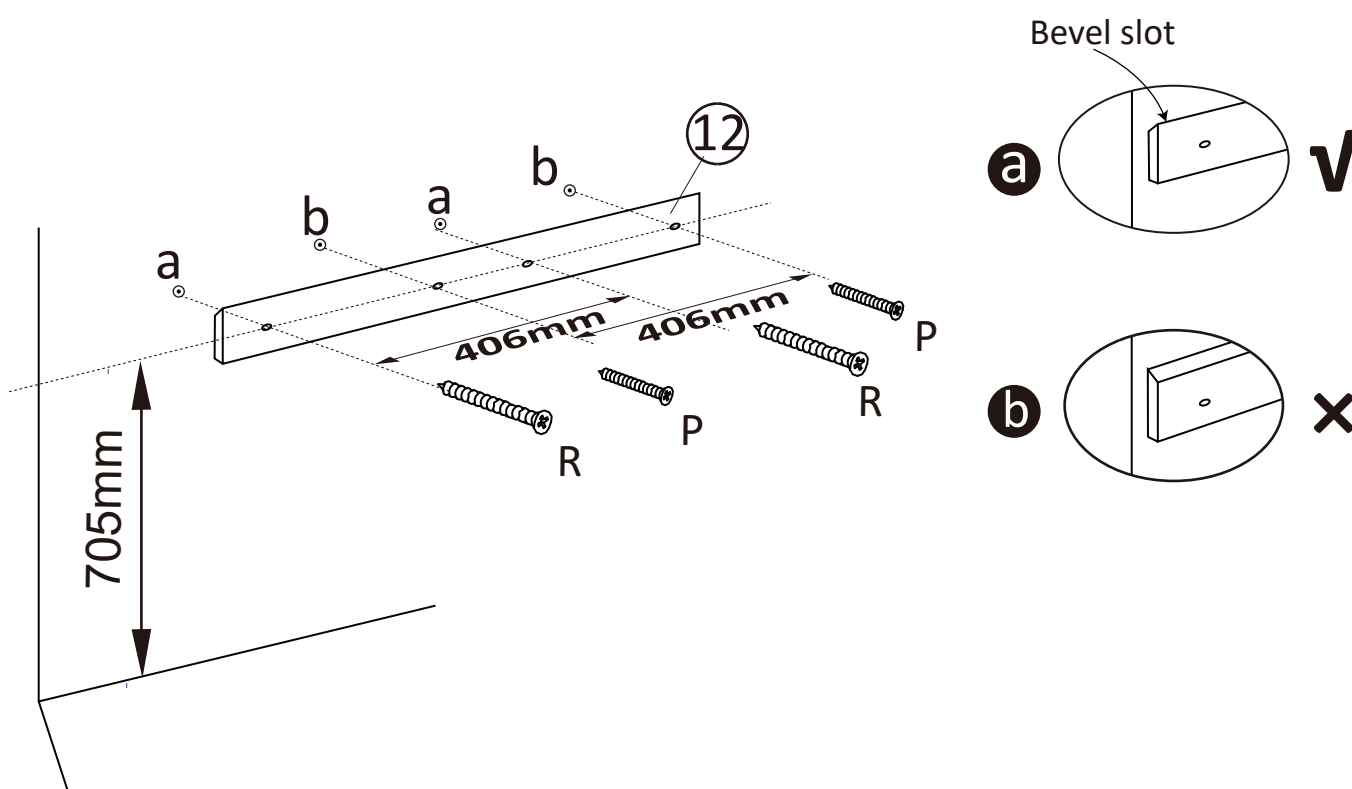

Assembly instruction

- 13** Please ensure that the distance between the Part#N&Q is 406mm, so you can insert the Part#N&Q in position “a&b” as below.

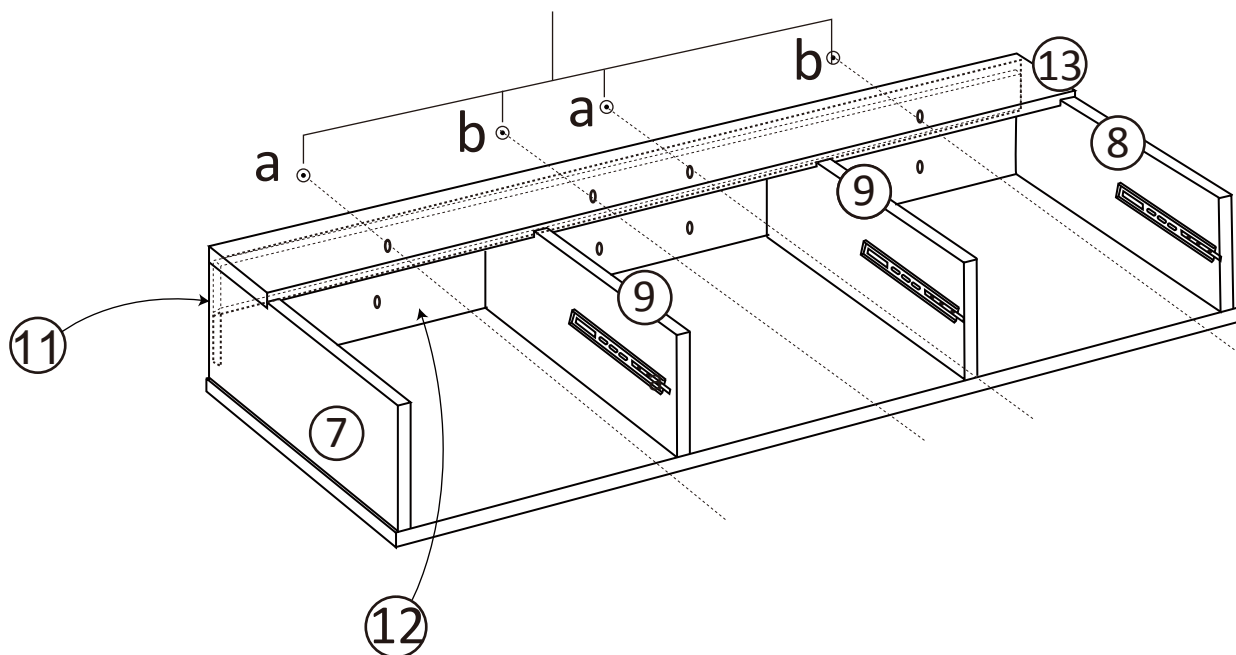

- 14** Please note the orientation of panel 12 is shown as image “a”.

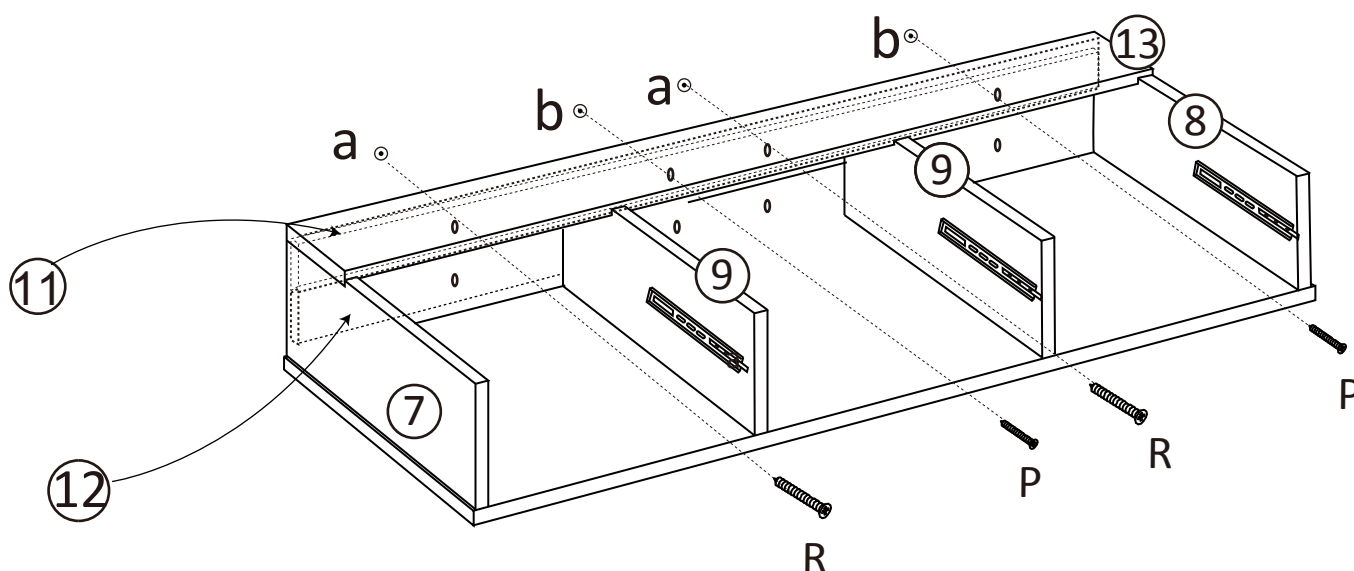

Assembly instruction

- 15** Put the cabinet above panel 12, then make marks on the wall. Please note that there are beveled slots on the underside of board #11 and on the top of board #12. During the installation process, it is necessary to align the two slopes together.

Make marks on the wall.

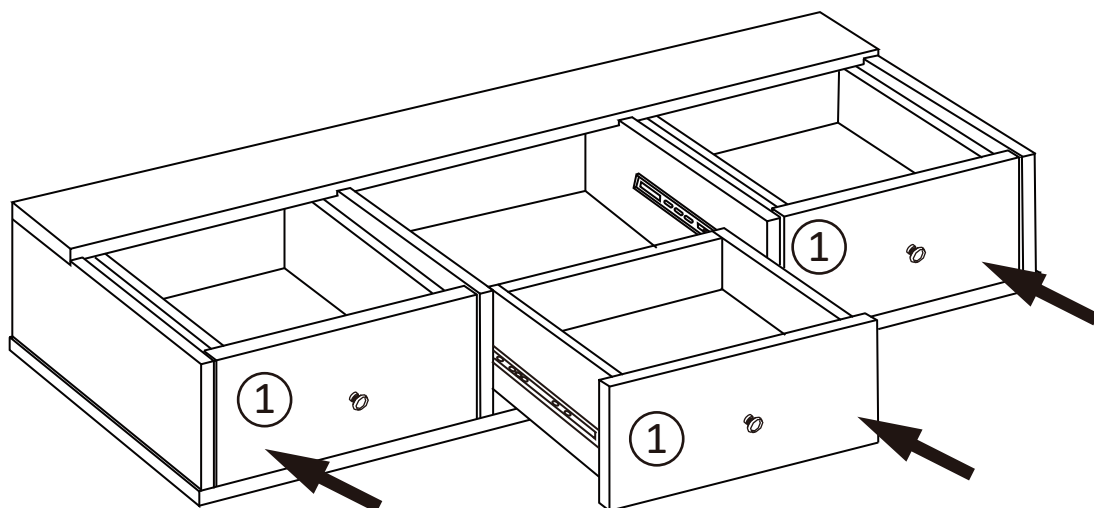

- 16** Attach the cabinet into the wall using 2×P and 2×R screw as step12, 13 ,14.
