

*Fine Furniture for
your Hearth and Home*

**Thank you for your purchase of our Inspiration Series
ASTM E136 Non-Combustible Wall Board!**

INSTRUCTIONS FOR THE PEARL MANTELS® INSPIRATION SERIES

ASTM E136 NON-COMBUSTIBLE WALL BOARDS

**Made and cast in the USA from a patented non-combustible molding material.
Use these wall board sets around your firebox as your non-combustible material.
Or, think “outside of the firebox,” and use them wherever your imagination takes you.**

Always consult a professional

Each Wall Board kit contains 6 boards equal to 11.875 square feet

Qty. 2 of 4” x 47.5” x .75”

Qty. 2 of 6” x 47.5” x .75”

Qty. 2 of 8” x 47.5” x .75”

**Calculate your square footage on the area you wish to cover and
ADD 10%-15% to this calculation to accommodate waste.**

For example, if your square footage calculation is 20', you will need 2 boxes

Always consult a professional

**Boards may be cut with a tile saw, angle grinder, or other common
masonry cutting tools.**

**Install using a high heat safe construction adhesive or other
commonly used masonry adhesives.**

There are no rules for design. Measure twice, cut once and have fun!

Always consult a professional

Pearl Mantels® does not assume responsibility and disclaims liability for losses, damages,
injuries or expenses arising from the installation of the wall board.

Opened or compromised wall board(s) may not be returned.

Always consult a professional
