

**Vendor's Declaration on (REACH) Regulation 1907/2006/EC
Substances of Very High Concern Declaration**

ECHA's updated candidate list of SVHCs was issued on 10th June 2022 and is provided below. To allow us to legally comply with REACH under Article 33, we require all suppliers to provide information on the use of these substances within finished products. More information can be found in our REACH Policy

Note: One SVHC form is to be completed for each product only if any SVHC's are present. Please give weight of product & import quantity (in below boxes). Otherwise one form can be used to declare compliance over the whole season's range. In these cases, no product weights or quantities are required.

Please complete the following declaration for your product/s:
