
Assembly Instructions

Before Assembling The Products

Please read carefully the instructions prior to assembling the product.

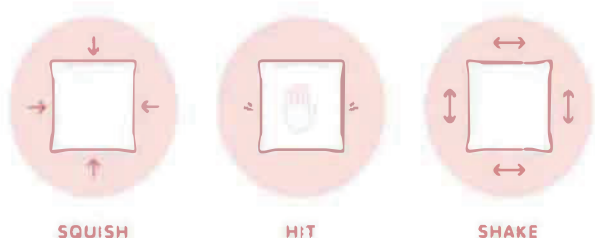

When you have finished assembling the product, please place it on a flat surface and make sure it is stable before use.

①Take care when assembling. When you assemble backrest plates and sofa armrests, please avoid the buckles damaging the product.

②Take care when assembling. When you assemble backrest plates and sofa armrests, please avoid the buckles damaging the product.

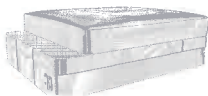

③After opening the vacuum-packed back cushion, you should hit and punch it with some force to make sure the filling is being dispersed and fluffed up. It will recover faster and better within 48-72hours.

HOW TO FLUFF

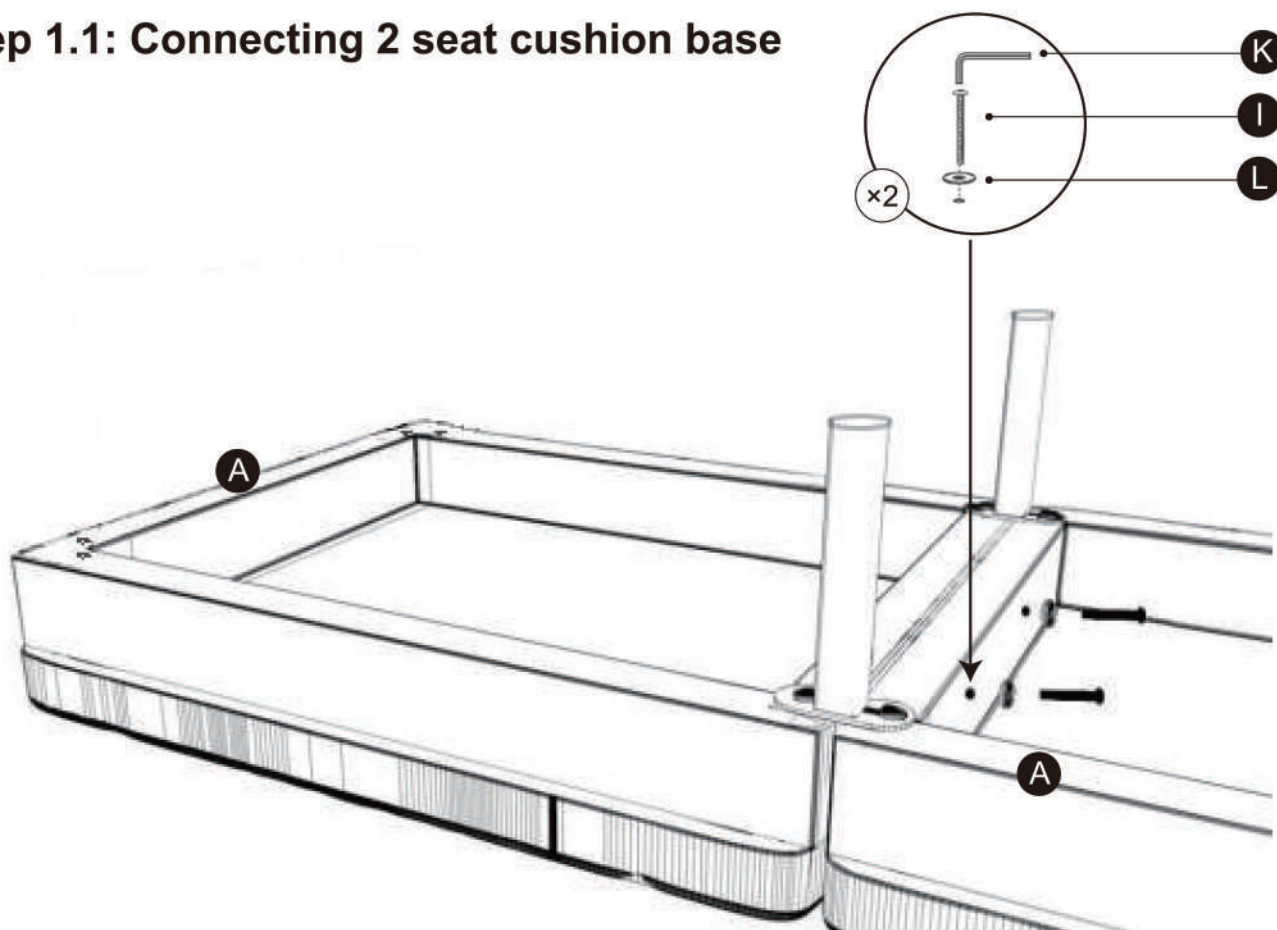

④All photographs of products are taken from real mass production, please be assured 10% color tolerance is accepted.

Assembling

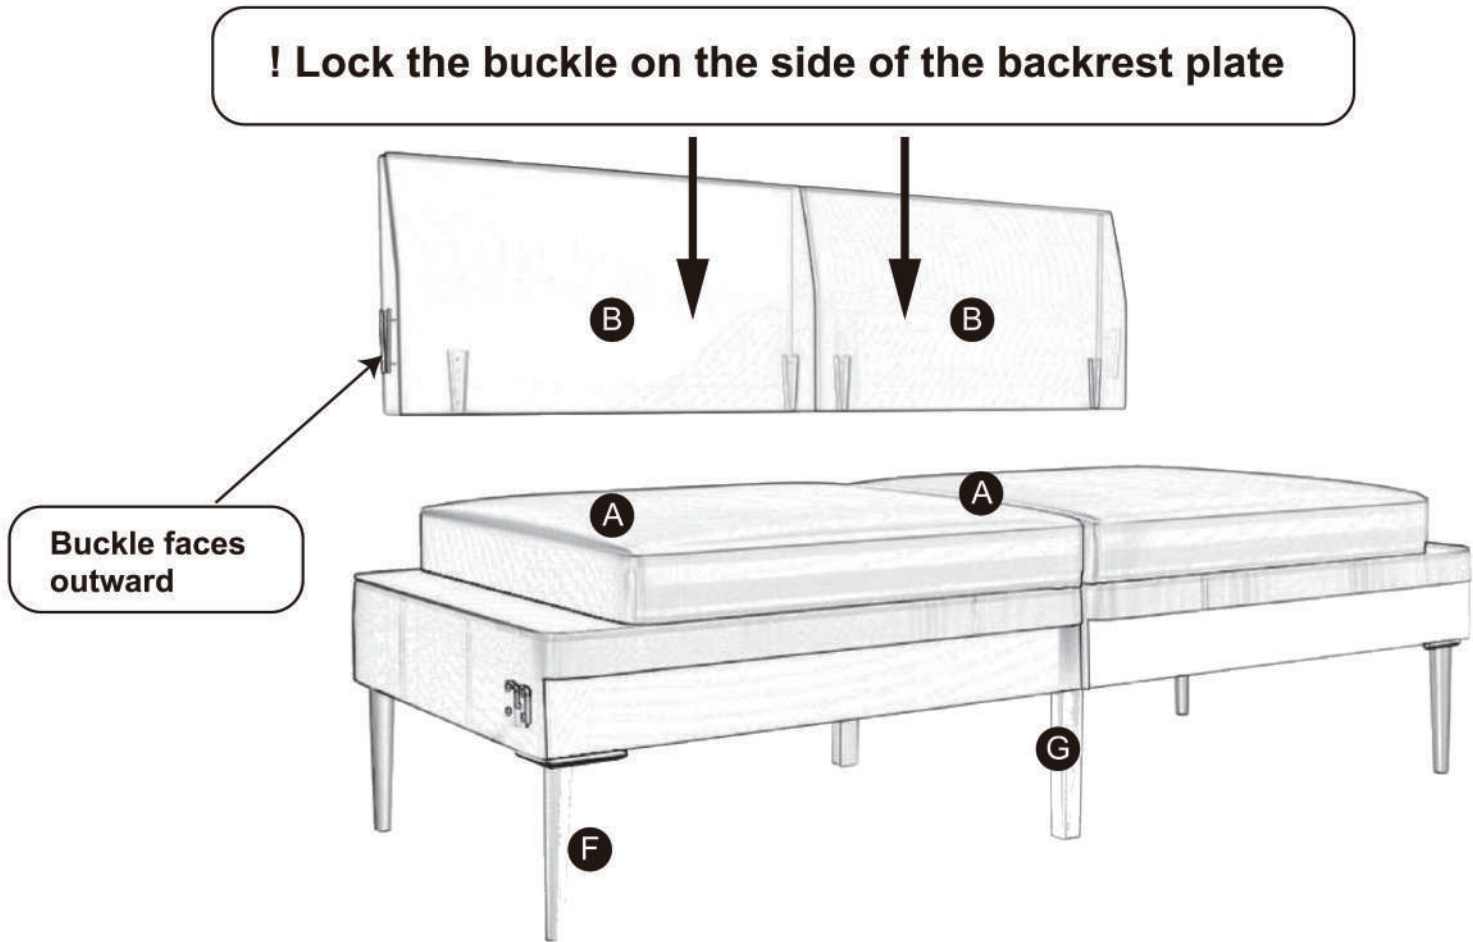

Step 1.1: Connecting 2 seat cushion base

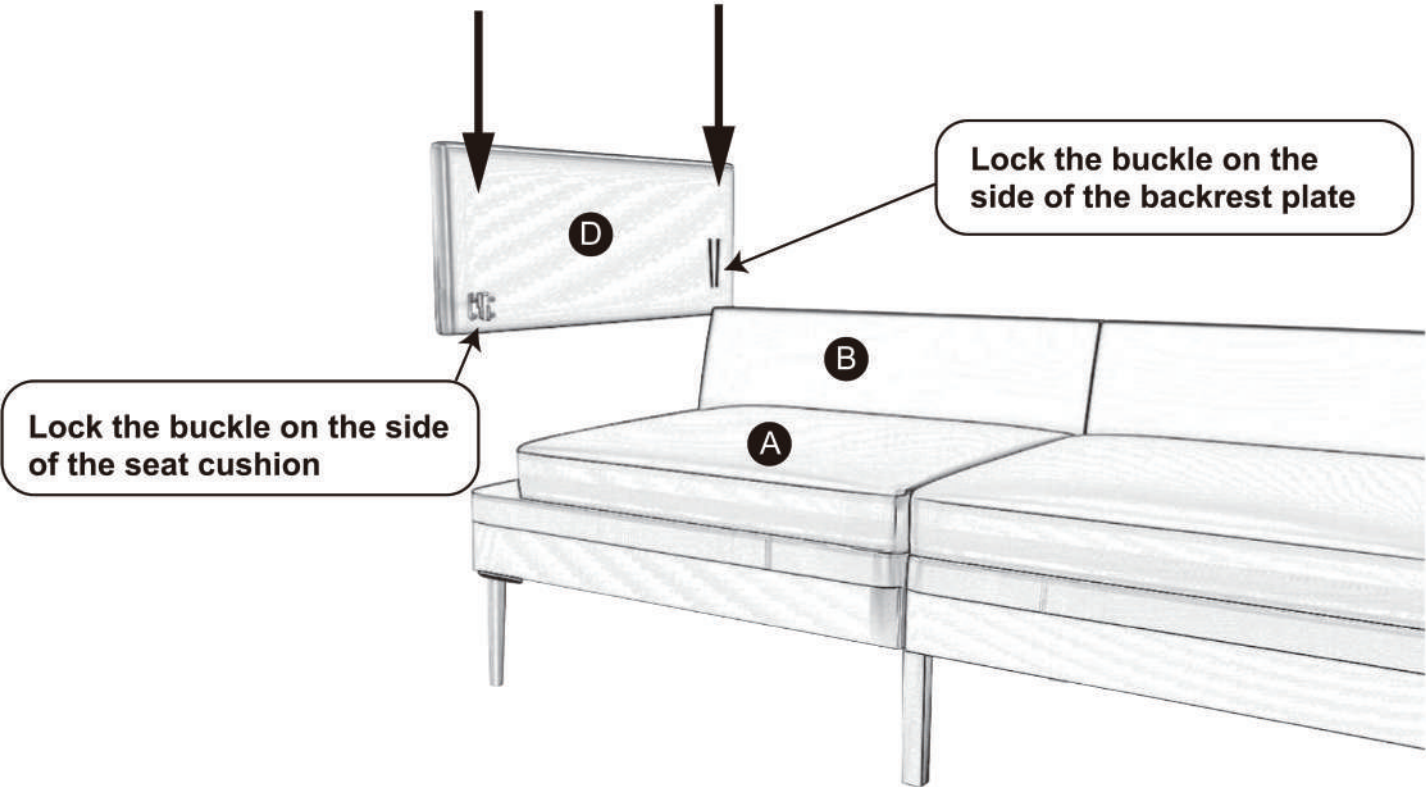

Step 1.2: Sofa legs installation

Step 2: Backrest plates installation

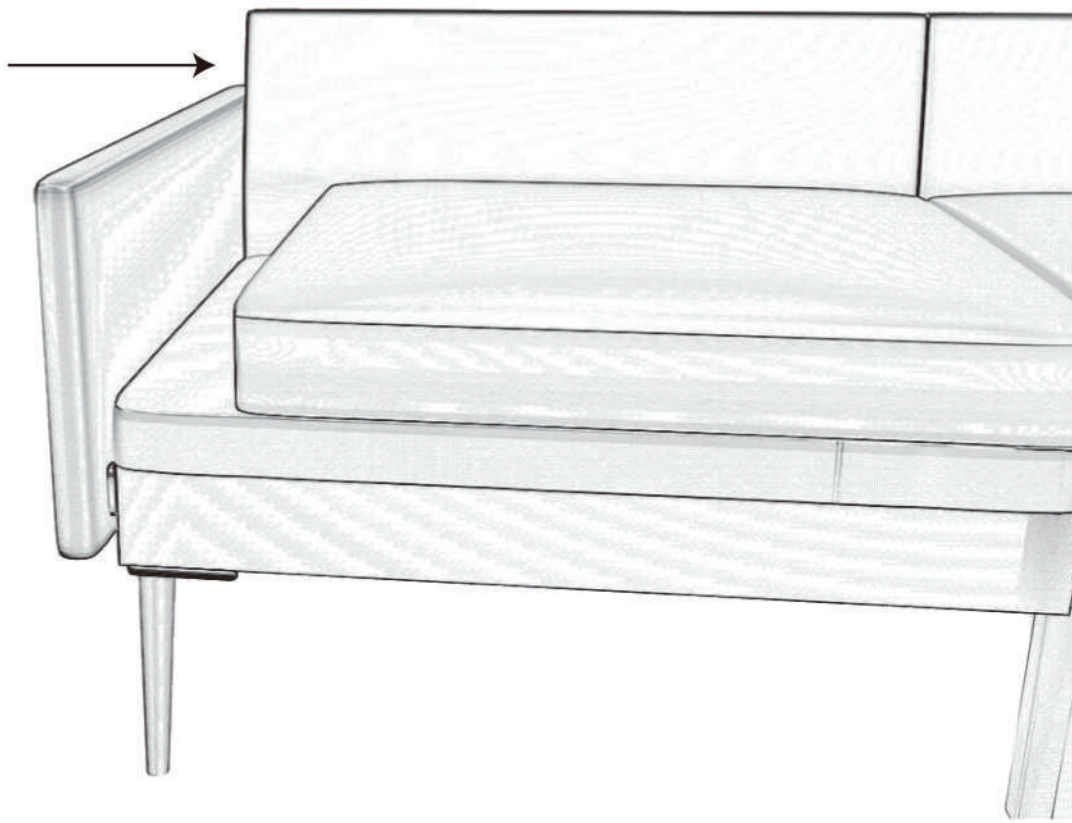

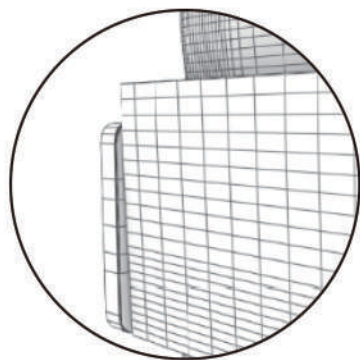

Step 3 : Armrests installation

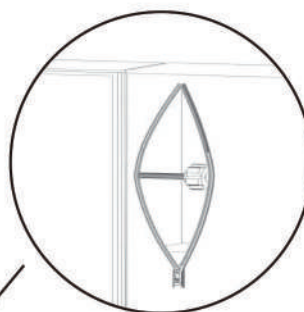

! Lock the buckles and press down to the position of the bottom.

Sweet tips :

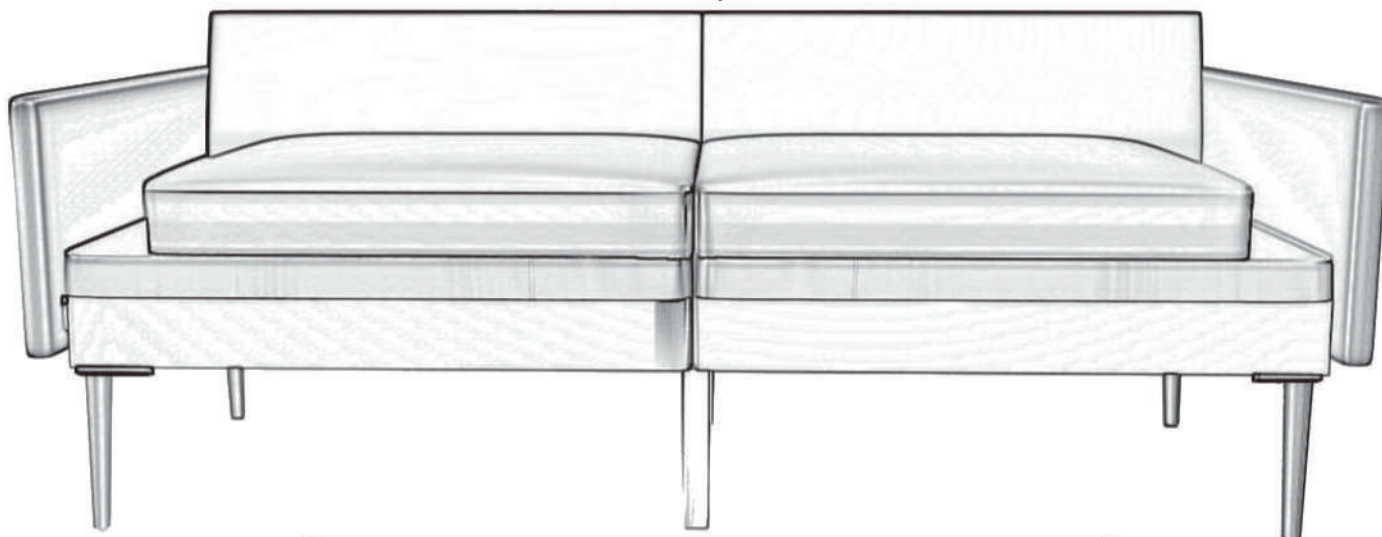

The backrest plate uses an ergonomic design that can be seen slightly inclined after assembly.

Step 4: Add the handle screw to the backrest plates

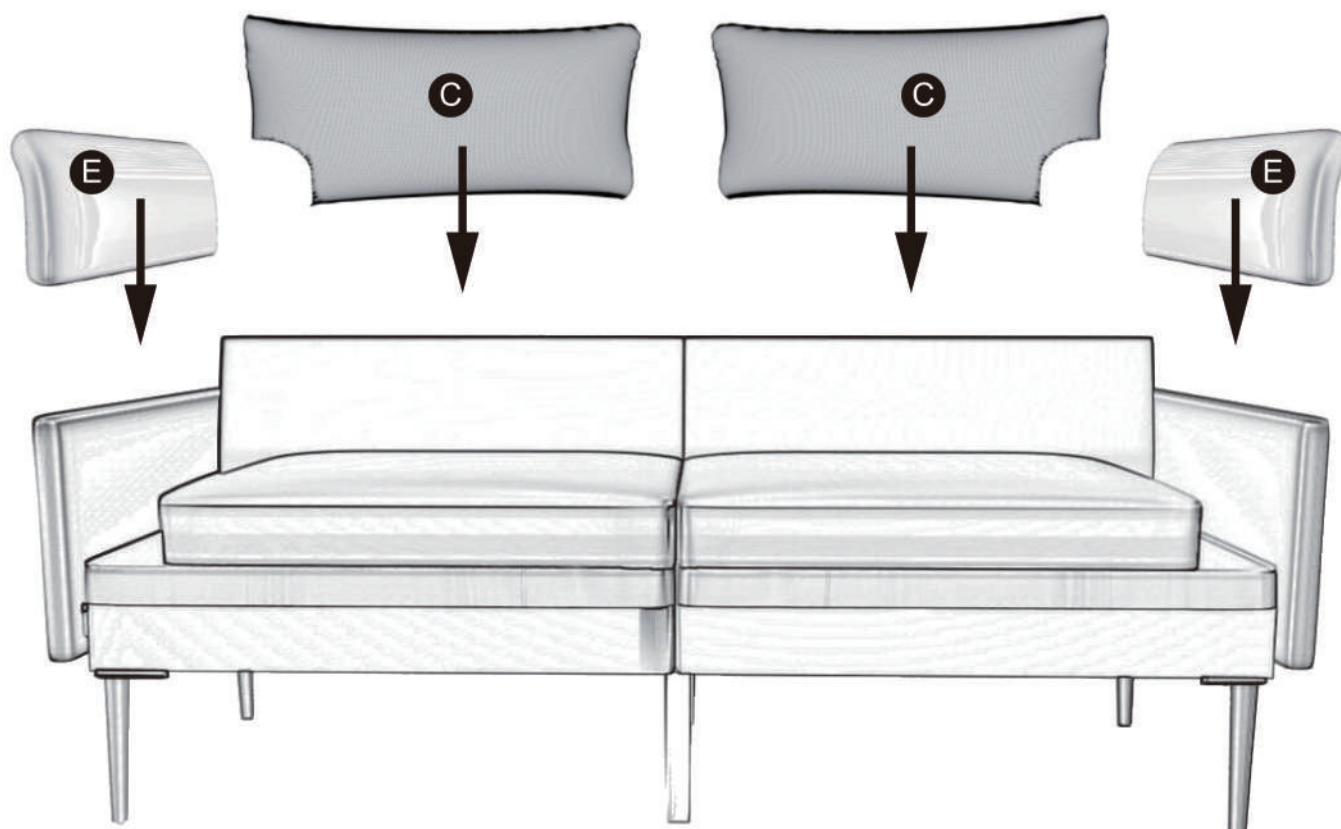

J

! Be careful not to tear the zip violently.

Step 5: Place backrest cushions & side pillows

Use velcro to fix the sofa backrest.
