DOT PENDANT

DESIGNED BY RIKKE FROST

ENGLISH

The Dot pendant is designed to create a cosy atmosphere in your home. It is inspired by perforated metal and the patterns the light creates when shining through the little holes. The contrast between the coarse perforated metal and the delicate glass, makes Dot both a simple and significant pendant. With its elegant expression, the pendant shine whether the light is on or off. Dot comes in three different sizes. Mix and match the sizes and combine heights in a cluster of pendants. Let the light shine through the perforated metal.

DESIGNED BY RIKKE FROST

Since 2014, Rikke Frost has driven her own creative studio in Aarhus based on the Nordic simplicity. With profound love for matching materials and great attention to details, Rikke Frost creates designs that should be seen, felt and touched. Rikke Frost was one of the first designers who teamed up with WOULD and with a shared vision she has been a great part of the designer collective ever since.

DANISH

Dot pendlen er designet til at skabe en afdæmpet og hjemlig atmosfære. Lampen er inspireret af perforeret metal og det mønster som lyset skaber, når det skinner igennem hullerne. Med sit elegante udtryk er lampen en moderne dekoration uanset om lyset er tændt eller slukket. Dot fås i tre forskellige størrelser. Bland og match størrelserne og kombiner højder for at skabe et personligt udtryk.

DESIGNET AF RIKKE FROST

Rikke Frost er en dansk kandidat fra Arkitektskolen i Aarhus. Siden 2004 har hun drevet sit eget kreative studie, i samme by, kendetegnet ved nordisk enkelhed. Med en særlig opmærksomhed på detaljer, skaber Rikke Frost designs, der skal ses, føles og berøres.
