## 61305 • Ahmya Lamp

21h x 12w x 12d

Ceramic

Shiga/Sanded Black Glaze

*The Ahmya Lamp, part of the Shiga collection, is a timeless piece that blends ancient craftsmanship with modern design. Hand-turned in Japan, its body is finished with a unique black iron oxide mineral glaze, a technique deeply rooted in the traditions of the Shigaraki region's ancient kilns. The glaze gives the lamp a textured, earthy appearance that adds character and depth to any space. Topped with a classic coolie shade, the Ahmya Lamp provides a warm, diffused light that creates a serene atmosphere.*
