Product Description: The essence of refined glamour, the Melange Jova Credenza is crafted of Birch Veneers and antique mirror with gold and silver fretwork on the four glass doors. There's one adjustable shelf behind each set of doors, and the doors have soft closing hinges. The finished on the outside of the case is a distressed black. Ventilated back panel.

Collection Features: Come closer to Melange, and you will discover something unexpected, an eclectic blending of colors, textures and materials in a vibrant collection of one-of-a-kind artistic pieces.

Status: Active

Finish: Black distressed finish on outside of case. Distressing includes rasping.

Features: Four doors with antique glass and gold/silver fretwork
 One adjustable shelf behind each set of doors
 Soft closing hinges
 Ventilated back panel

Material: Birch Veneers and Antique Mirror

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board,

made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
