ⓘ NOTICE

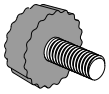

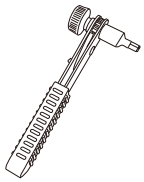

- Prior to first usage check to confirm all bolts, screws, and fasteners are tightened.
- We recommend periodically checking that all bolts, screws, and fasteners are securely tightened. We suggest doing this every 90 days.
- During assembly do not fully tighten screws until assembly complete.
- Do not store this product near an open flame or combustible or flammable chemicals.
- Carefully inspect all parts prior to assembly to avoid any component which might have a sharp or unfinished edge.
- During inspection should you notice any component which is damaged or worn, replace it before resuming use.
- Do not use this item in a way inconsistent with the manufacturer's instructions as this could void the product warranty.
- Please do not allow the parts to come into direct contact with the ground to prevent the parts from being scratched.
