assembly instructions

Friendly Tip: Take a deep breath going in. This may be a tricky part, but nothing too overwhelming. Just follow these steps to the T and the outcome will be worth it!

- ⓘ While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.

step 1:

Start by placing the table top (A) upside down on a flat surface. Now, align the legs (B) with the slots given in the table top (A). Ensure the stickers on the legs are similar to the stickers on the table top.

step 2:

Fix one of the legs to the top by using bolt (C) in the given slots. Tighten them using an allen key (D).

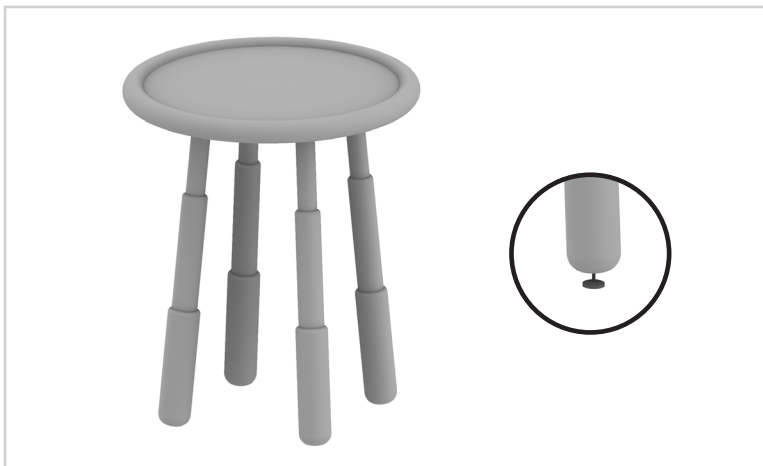

step 3:

Repeat step 2 with the remaining legs.

step 4:

If required, adjust the Leveller according to the floor as shown in the image below.

Voila! Your end table is now assembled and secure!
