NOTE: The black part of the receiver (X1) needs to be exposed to air in order to better control the LED light.

WARNING

★ Please use a 5V power plug for this LED Strip

★ Non-compliant voltage may cause device damage or safety hazards.

Remote control

You can use the remote to control the light. The LED lamp can only be used after the power supply is connected.

Please scan the QR code on the manual/controller and install the application.

Step1: Please make sure your phone has Bluetooth enabled.

Step2: The LED light will automatically connect to the APP.
