

Headboard

Assembly Instructions

Product Dimensions:

62"W×3"D×48"H

Please take a moment to read through the entire instruction booklet before assembly to familiarize yourself with this product. Once you feel ready to start, follow the instructions step by step and this should make this process as easy as we could make it for you.

WARNING CAUTION

ADULT ASSEMBLY REQUIRED CHOKING HAZARD

- This product includes small parts, sharp points and sharp edges in its unassembled state. Keep unassembled parts away from children under 3 years of age, and animals.

SAFETY WARNINGS

- Follow the information on the warnings appearing on headboard and on the carton. Do not remove warning label from headboard.
- Do not allow children under 3 years of age to use the headboard .
- Do not use substitute parts. Contact the manufacturer or dealer for replacement parts.

FURNITURE TIP-OVER HAZARD

Children have died from furniture tip-over

To reduce the risk of furniture tip-over:

- ALWAYS install tip-over restraint especially if used by a wall or in the open.
- NEVER allow children to stand, climb or hang on headboard.
- ALWAYS anchor headboard to wall or bedframe.

PARENTAL SUPERVISION IS REQUIRED

- Parents or Guardians should supervise use under the intended age specifically regarding children that may have access to it and climb on the unit.
- Do not allow horseplay on, under, or behind the unit and prohibit jumping on the unit.
- If used improperly, your unit may be pulled over or fall, creating risk of injury or damage. Children should not be permitted to climb or pull on the headboard.

USE, MAINTENANCE & ASSEMBLY

- Periodically check and ensure that the components are in their proper position, free from damage, and that all connectors are tight.
- Use on level surfaces only. Assemble on a soft level surface to avoid damage to unit or floor.
- Do not use this item if any components are missing or damaged.
- Do not use substitute parts. Contact the manufacturer or dealer for replacement parts.
- Only clean using damp cloth and mild detergent, do not use bleach or abrasive cleaners.
- Check you have all components and tools listed on page 4
- Do not stand or put weight on this product during assembly, this could cause damage.
- Remove all hardware from the plastic bags and separate them into groups.
- Assemble the item as close to its final position (in the same room) as possible.
- Certain assembly steps may be easier with 2 people.
- Dispose of all packaging carefully and responsibly.
- We do not recommend power screwdrivers. Only use hand screwdrivers to prevent damage to unit.

Keep these instructions for future reference.

This drawing is to give you an overall idea only of how this assembly will go together and does not replace the assembly instructions.

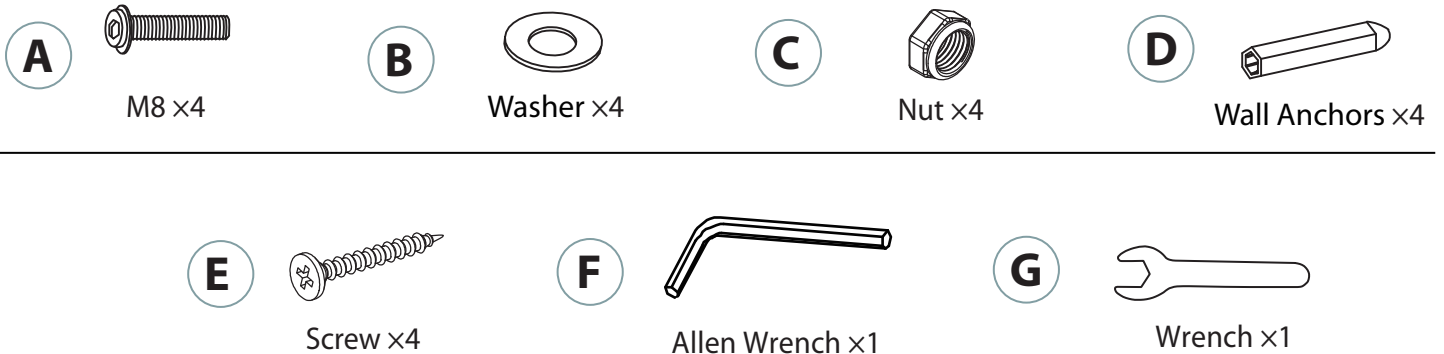

COMPONENT PARTS

Please check that you have all the parts listed below

- 1. Headboard ×1
- 2. Leg ×2
- 3. Mounting Brackets ×2

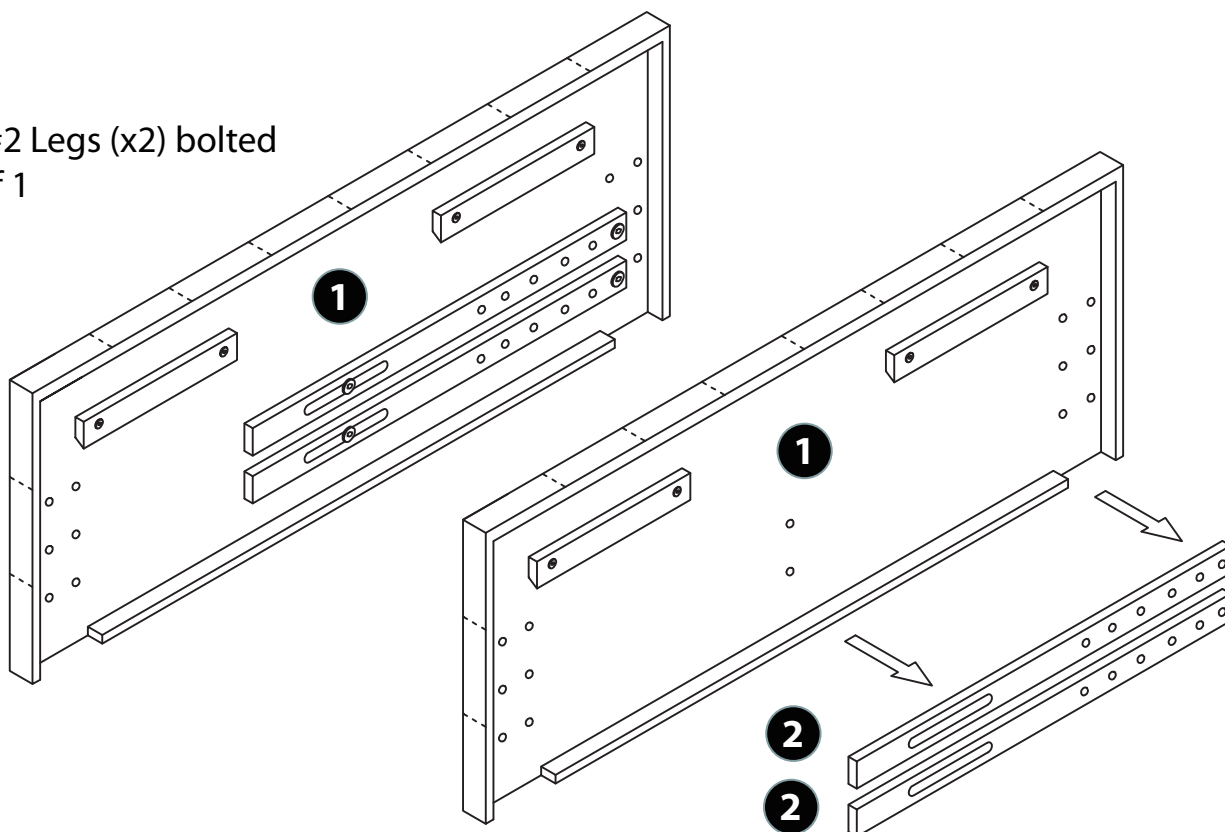

ASSEMBLY HARDWARE

LEG MOUNTING

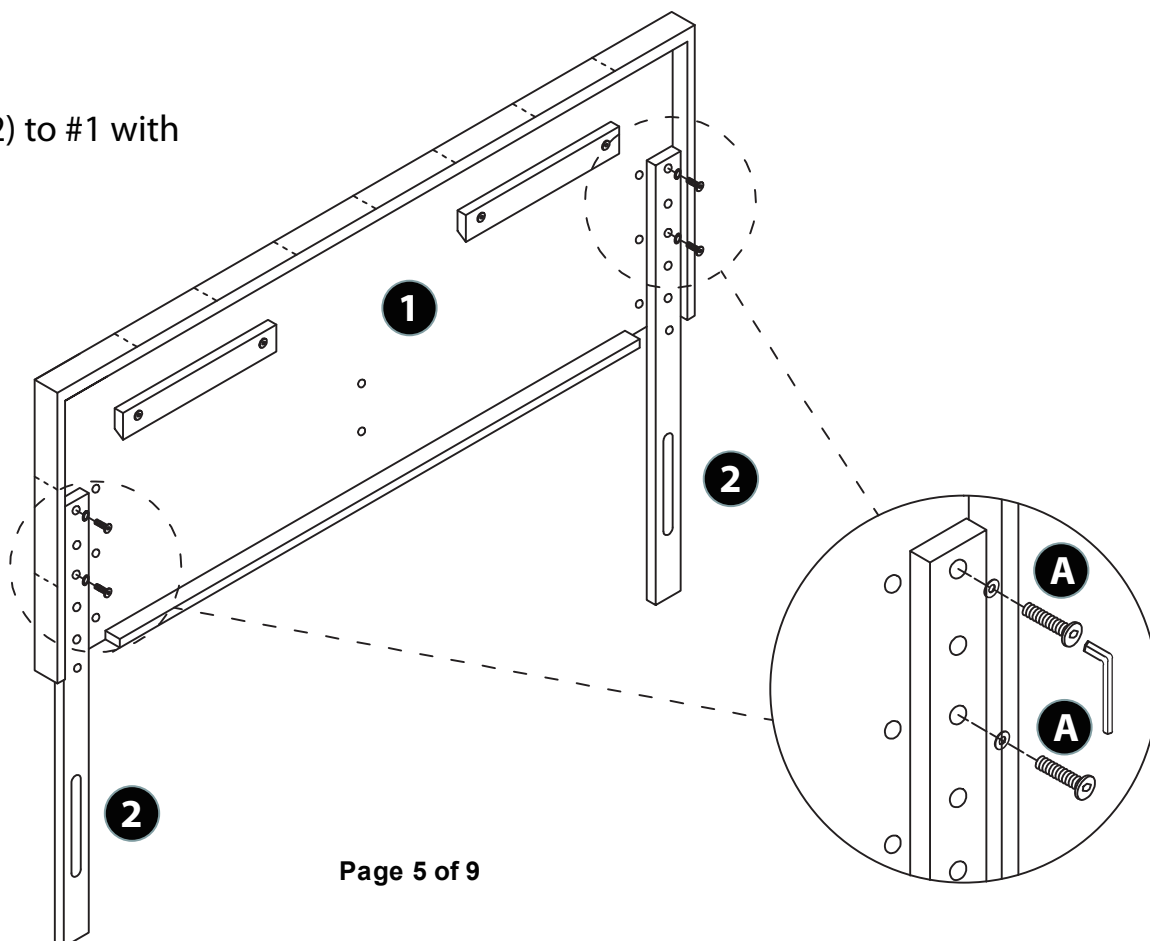

1

Remove #2 Legs (x2) bolted to back of 1

2

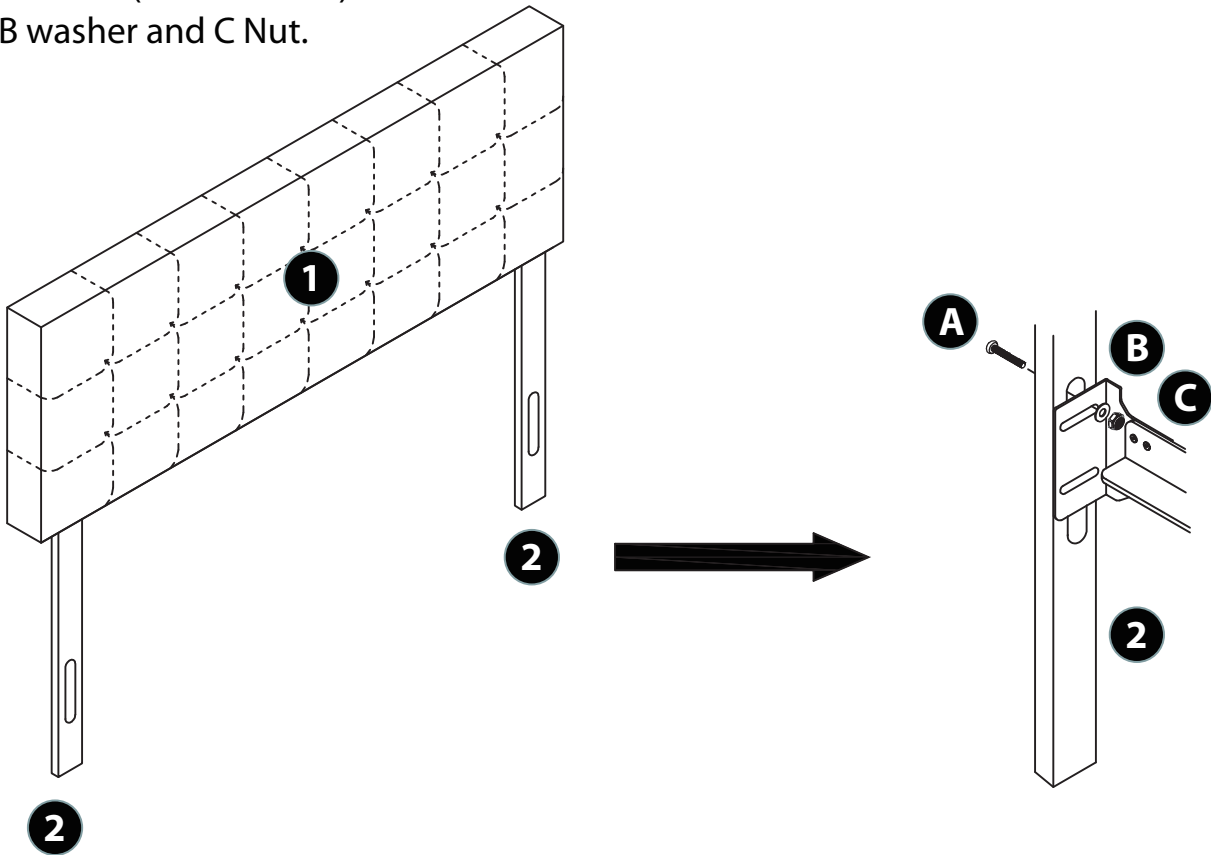

Attach #2 Leg (x2) to #1 with A bolt (x4).

LEG MOUNTING

3

(SKIP THIS STEP IF MOUNTING HEADBOARD TO WALL) If attaching to bedframe, Insert A bolt into #2 leg and attach to your bedframe mount on your bedrails (not included) with B washer and C Nut.

WALL MOUNTING

*Please be aware that depending on your wall type, alternative hardware may be necessary for the installation. We recommend consulting a local hardware professional or builder for further assistance or recommendations.

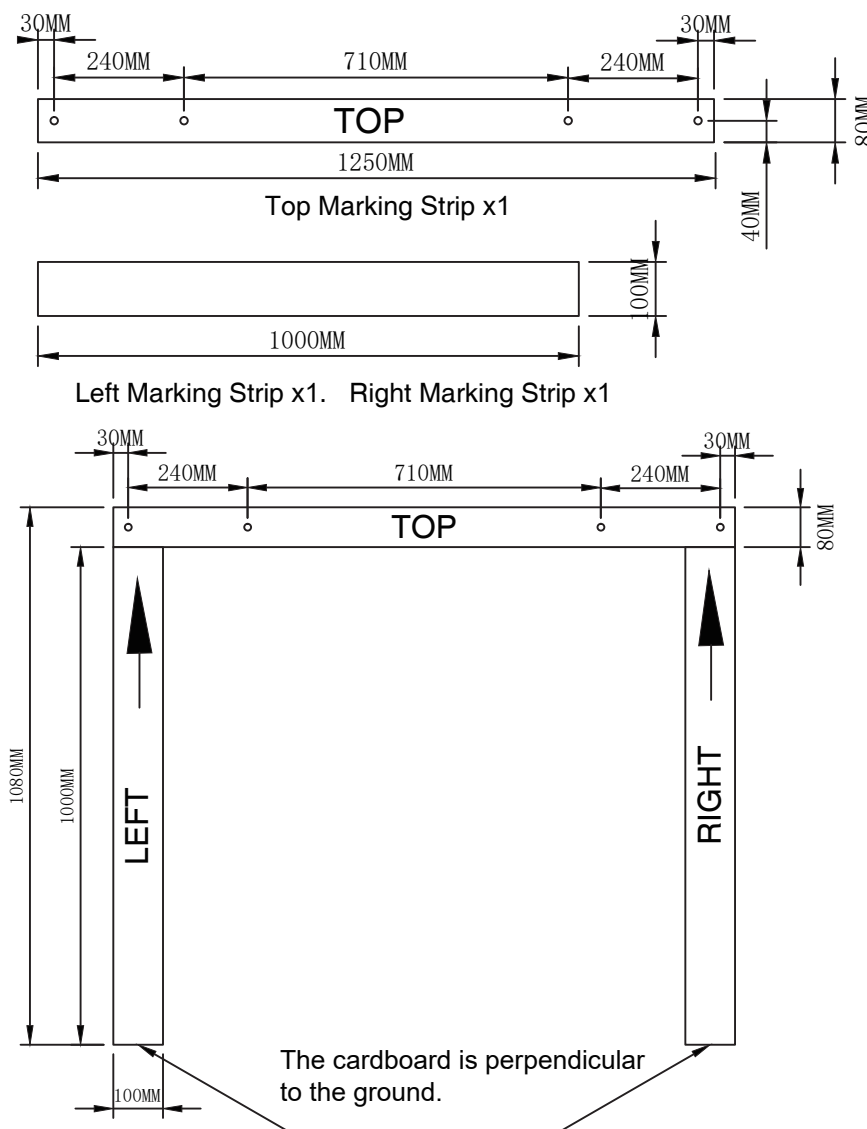

1. Using masking tape, place Left Marking Strip evenly with floor. Keep the arrow pointing UP.
2. Repeat for Right Marking Strip evenly with floor. Keep the arrow pointing UP.
3. Place top marking strip across both left and right vertical strips.
4. Adjust distance between left and right strips if needed to ensure boxes align on top strip
5. Make sure top strip is flat against the wall with no wrinkles
6. Once you have left and right strips properly distanced apart and vertical, begin leveling top strip.
7. All boxes on left and right and top should align.
8. Take another look from a few feet away and ensure you are satisfied with the placement of the template and the overall level of the top strip. If you are satisfied, proceed to step 9. If not, readjust your template until satisfied.

NOTE: You can even use a level app on your mobile device to ensure the top strip is level.

9. Mark the holes on the wall by piercing your pencil tip through the center of the hole markings.
10. Ensure hole marks are satisfactory and remove template or using drill, drill through center of hole markings to make the wall anchor starter pilot holes.

NOTE: If using wall toggle anchors, increase the size of your holes and install your toggle anchors according to the instructions of the hardware manufacturer (not included).

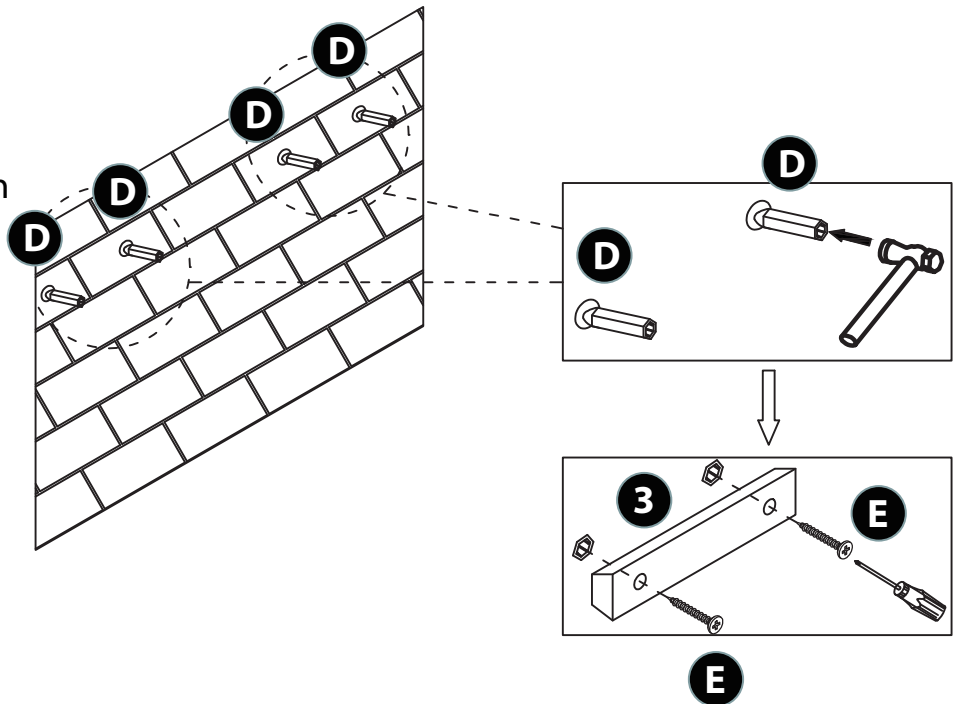

PROCEED TO MOUNTING WALL BRACKET ACCORDING TO ASSEMBLY INSTRUCTIONS.

WALL MOUNTING

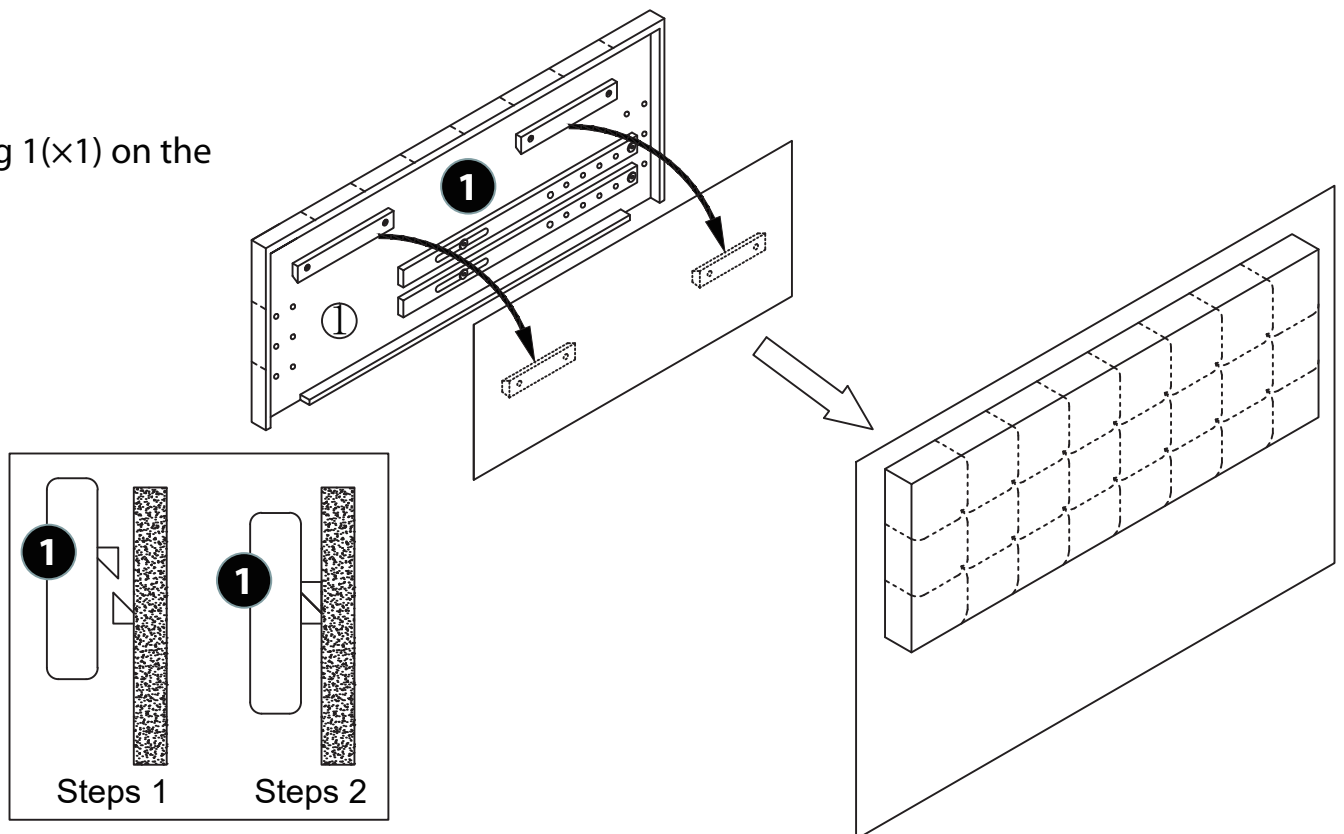

1

Measure using paper wall mount template is in the carton to mark your holes and ensure your mounts are even and level. Drill (tool required - not included) small pilot holes and install Dx4 into the pilot holes with hammer (tool required - not included). Insert E (x2) into each hole of 3 and tighten with screwdriver into D wall anchors. Repeat for other E.

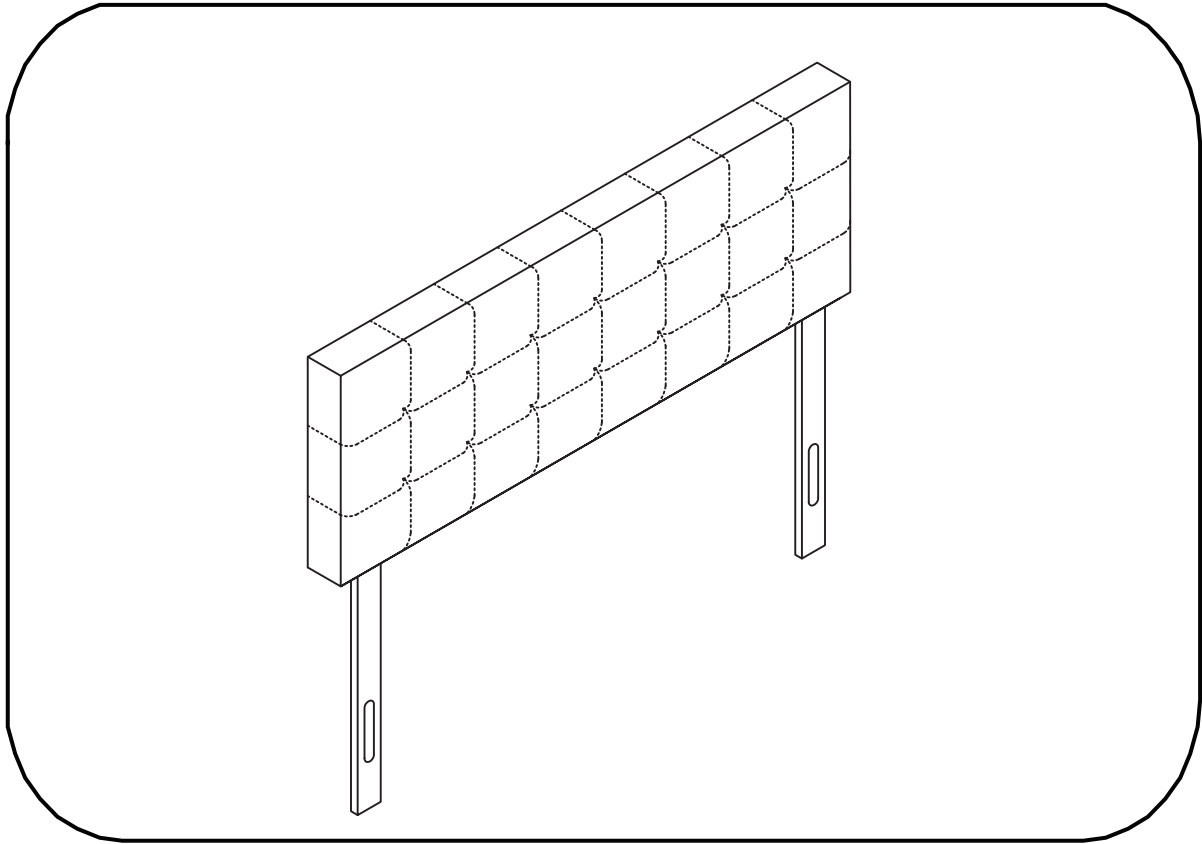

2

Hang 1(x1) on the wall.
