3 Light Bath Vanity

Unique and contemporary, this eye-catching design masterfully marries creativity with function. Distinctive details on sculpted metal rings combine with thick beveled diffusers for an industrial-inspired design that demands a second look. The family is offered in two finishes with different appeals. The black finish has aged brass accents for a refined, two-tone aesthetic, while the chrome is more modern. The collection uses medium base bulbs. This 3-Light bath vanity is UL approved for damp locations and can be mounted up or down.
