CARE AND MAINTENANCE

- Blot up spills immediately, always use coasters on table tops under beverages. Use trivets or mats under hot dishes or cookware. Clean with warm water and dry surface immediately after cleaning. Do not use cleaners that contain acid such as bathroom cleaners, grout cleaner, and tile cleaners. Do not use abrasive cleaners in either dry or liquid forms. Use a cleaner and polish formulated for marble surfaces.
- Always use felt pads under all articles to prevent discoloration or softening of the lacquer. Plastic and rubber bases on items can discolor wood. Wipe up spills immediately and avoid common hazards such as hot dishes, harsh solvents and abrasives. Cleaning should be done with a soft lint free cotton cloth dampened with water or furniture polish. On highly used surfaces we recommend applying a quality paste wax which should be used on a regular basis to provide additional protection from scratches and spills. How often you apply the wax depends on how much wear the furniture receives.

STEP 1: Position base segments like this & match the characters marked on each to make a series. Place the assembly plates & tighten the bolts as shown above.

STEP 2: Add the remaining other two segments to make a ring.

STEP 3: Once the ring is completed tighten all the bolts and check for any loose bolt.

STEP 4: Place the base ring upside down and carefully tighten the levelers as shown above.

STEP 5: Reset the ring back to its position & gently slide the marble top as shown above.

STEP 6: Adjust the levelers as needed.
