

Pattinson Desk

106867

Boasting a professional and classic design, this magnificent desk is the ideal piece for productivity. Crafted from a wooden frame with a white ceruse oak veneer top and features four drawers with oyster shagreen bonded leather coverings. Completed with antique brass iron handles and solid oak wood legs. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece. Handle with Care: This design has been crafted with bonded leather. Bonded leather is a blend of reconstituted leather and synthetic materials crafted to reflect the natural characteristics of leather; as such, colour variations, markings, wrinkles, grooves and light scratches are acceptable and appreciated characteristics. No two pieces are alike. Visit our Product Care page for more information on how to ensure the lasting beauty of this piece.

Dimensions
