PRODUCT DESCRIPTION

Modern minimalist solid wood two-door storage cabinet. It features a simple square shape with clean, crisp lines. The two equal-width front doors create a neat and balanced look, while the natural rattan inlay on the door panels adds rich visual texture and tactile interest. The overall style is calm warm, and modern.

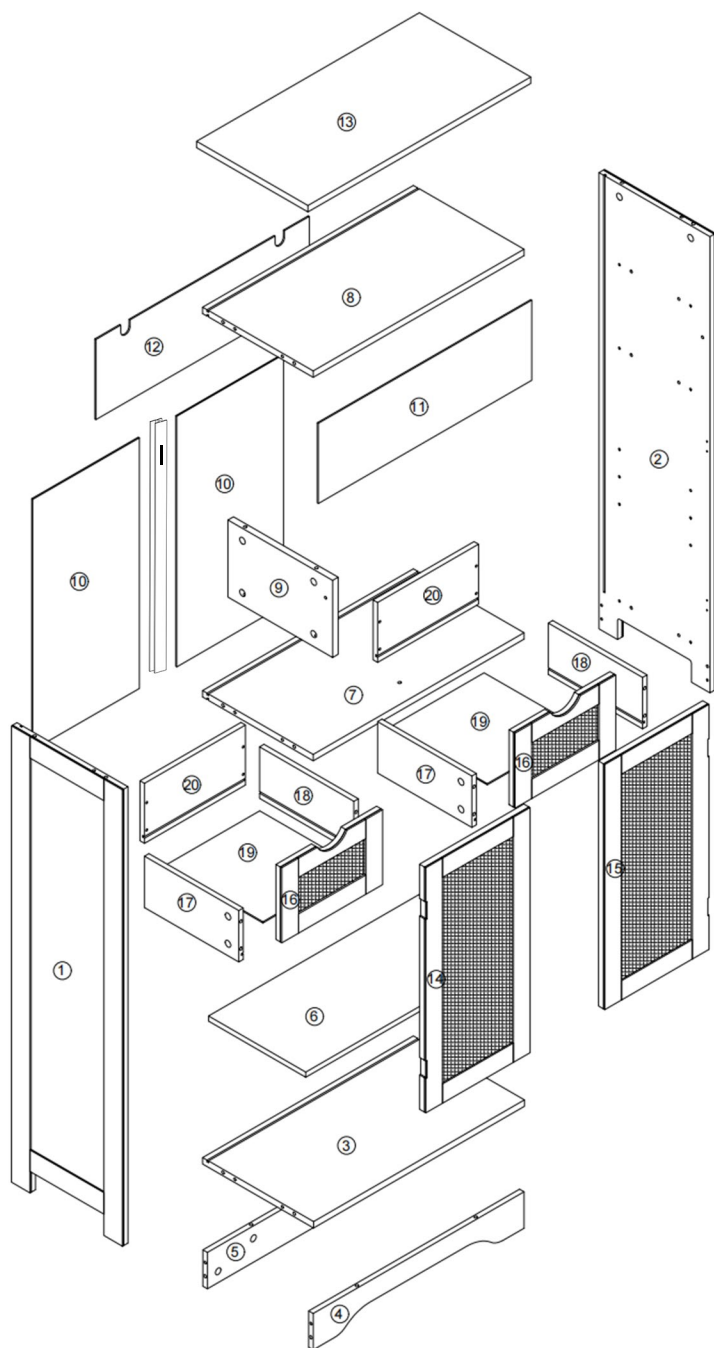

One-piece molded cabinet body with solid wood feet. The cabinet features a sturdy integrated structure, with solid wood feet at the bottom. This not only raises the cabinet to prevent moisture but also greatly enhances the overall visual and physical stability, offering outstanding load-bearing capacity.

Metal handle design: Sleek metal handles make it easy to open the doors and access contents conveniently.

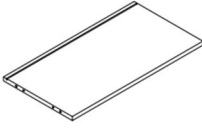

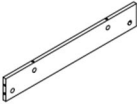

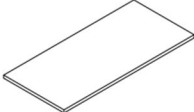

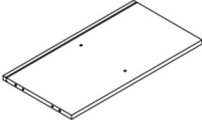

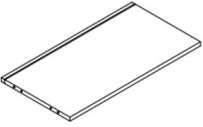

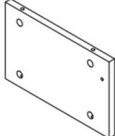

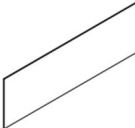

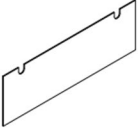

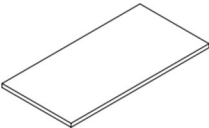

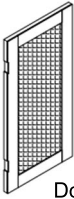

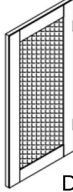

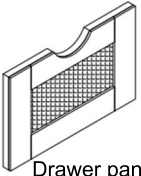

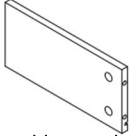

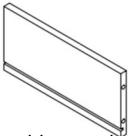

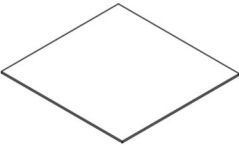

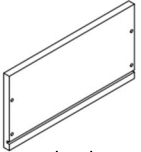

All-solid-wood construction. The cabinet body, door panels, and thick base are all crafted from natural solid wood, featuring clear, natural grain and a sturdy texture. The use of solid wood throughout ensures outstanding stability, load-bearing capacity, and environmental health, making it highly durable.

Exquisite rattan door panels: Not only do they create a sense of visual continuity and refined detail, but they also offer a unique tactile experience.
