

Dear Customer,

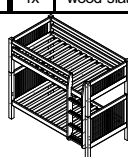

Thank you for purchasing one of our products. Our products are beautifully designed for style, functionality and flexibility as your child grows! All furniture is non-toxic, eco-friendly and made from 100% solid wood with no MDF or laminates which allows it to meet and surpass industry quality standards for sustainability and safety.

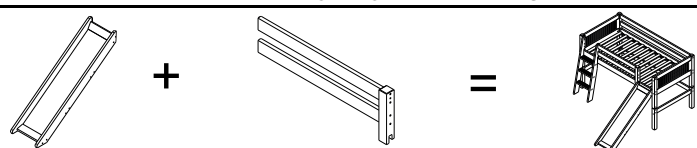

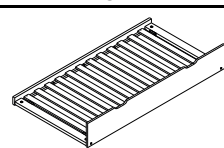

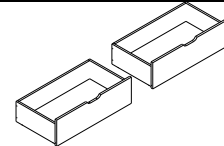

Our beds represent the core building block of our unique bedding system. Our products are unique because just like a child's Lego building blocks which allows you to add and subtract parts, our furniture line has optional parts such as slides, bunk bed kits, under bed storage drawers, trundles and many more parts that will allow you to transform the bed as your needs grow! We created this line so that our customers can add further functionality to the beds by creating interchangeable parts.

The Flexibility is what we are all about! We offer the best in sturdy, eco-friendly and healthy bedroom furniture for your growing child's needs!

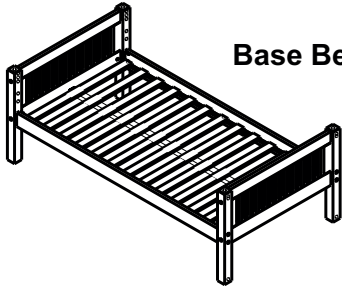

Thank you again for purchasing our products.
