

Berkley Tableto Clock 645577

TABLE CLOCK: The Berkley Table Clock is made of high-gloss walnut piano finish with a wood burl pattern on the front and back to complement your home decor. The clock's movement makes a soft ticking noise without the use of chimes for a quieter environment.

DURABLE: This indoor modern clock is created to last. It has a sturdy frame to relieve stress in a busy household. With ebony black sides and base and button feet, this clock can be displayed in your kitchen, office, bedroom, living room, mantel, and more.

HIGH QUALITY: The bracket design with a polished-brass handle is a home essential. Easily tell time with black Roman numerals and hands, brass second hand, a polished brass-tone waterfall bezel, and glass crystal to stand out over an off-white dial.

MOVEMENT: It is powered by quartz movement, and requires one AA sized battery. The traditional Roman numerals feature IIII instead of IV.
