

STICKLEY®

Surrey Hills Server with Gallery

This version of the white oak Surrey Hills Server includes a full-length fretwork gallery topped with a shallow shelf; its laser-cut panel is quietly lit from behind for a gorgeous effect. Beautiful and functional, the server stands on U-shaped legs that meet at a long stretcher at the floor. Two wide drawers with tapered satin brass knobs offer storage for utensils or table linens, and a spacious lower shelf backed by a smooth gallery accommodates large serveware or collectibles.
