

TINY LAND[®]

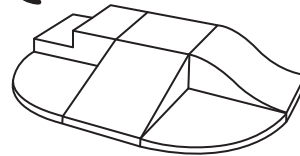

SOFT CLIMBING BLOCKS

6 MONTHS +

Unpacking Instructions:

Open the vacuum-compressed bag using scissors.

Allow 48 hours or more for the sofa to fully return to its original shape.

Why Do We Choose Compressed Packaging?

We use compressed packaging to optimize shipping efficiency and reduce costs without compromising product quality. This allows us to offer more competitive prices and a better shopping experience for our customers.

How to remove wrinkles?

Here are several ways to remove wrinkles:

- With regular use, wrinkles will gradually smooth out over time.
- Remove the cover and either iron it or tumble dry after washing.

Tips:

When the foam is exposed to air, its color may gradually change from white to yellow. This is a normal result of oxidation and not a quality issue.

WARNING:

Suffocation Hazard!

Adult assembly required.

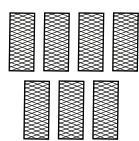

Use under adult supervision. DO NOT leave children unattended.

DO NOT allow children to sleep on this product.

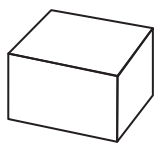

Use this product ONLY on the floor/carpets.

Remove all packaging components before giving to a child.

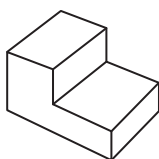

Contents:

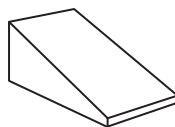

1 Detachable fabric sticker

2 Square

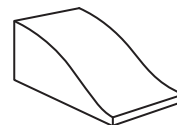

3 Ladder

4 Wedge

5 Sector

6 Wave Slide

Cleaning & Maintenance

When you want to clean the sofa cover, simply unzip it to remove the foam filling.

DO NOT machine wash the foam.

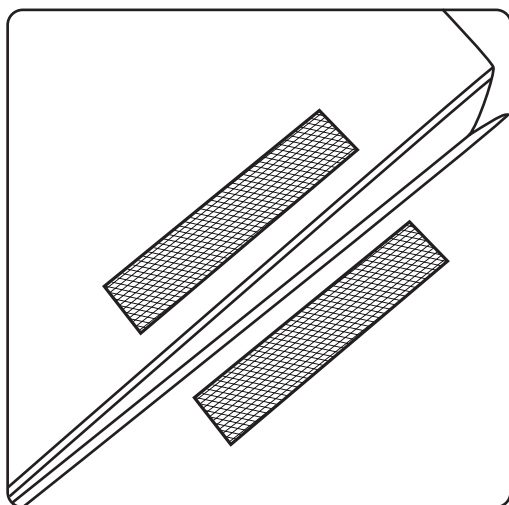

After washing the cover, reattach it to the corresponding foam pieces, and it will be ready for use.

Filling:
100% Polyurethane
Foam Do Not Wash

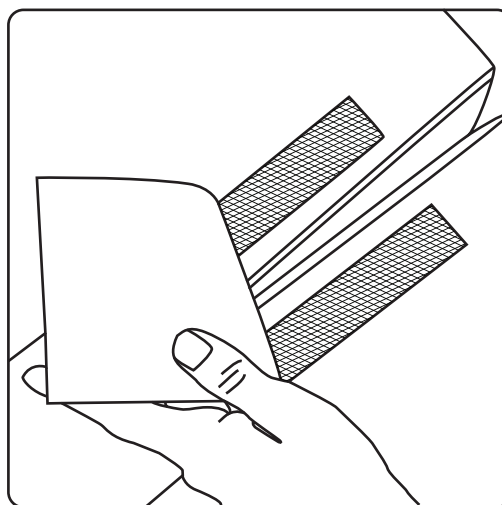

Step 1

Align the adhesive parts of the panels to be joined in parallel.

Step 2

Cover the adhesive areas of the two panels with fabric stickers.

If you find it difficult to assemble the product or have any other problems with the product, please contact us via email at customer_care@tinylandus.com. We will do our best to resolve your problem and provide a solution to your satisfaction.
