The goods

IMPORTANT

1. Do not tighten bolts / screws completely until all bolts / screws are lined up and inserted into holes.
2. Do not over-tighten screws and bolts to avoid stripping.
3. Please use hand tools to assemble this product.

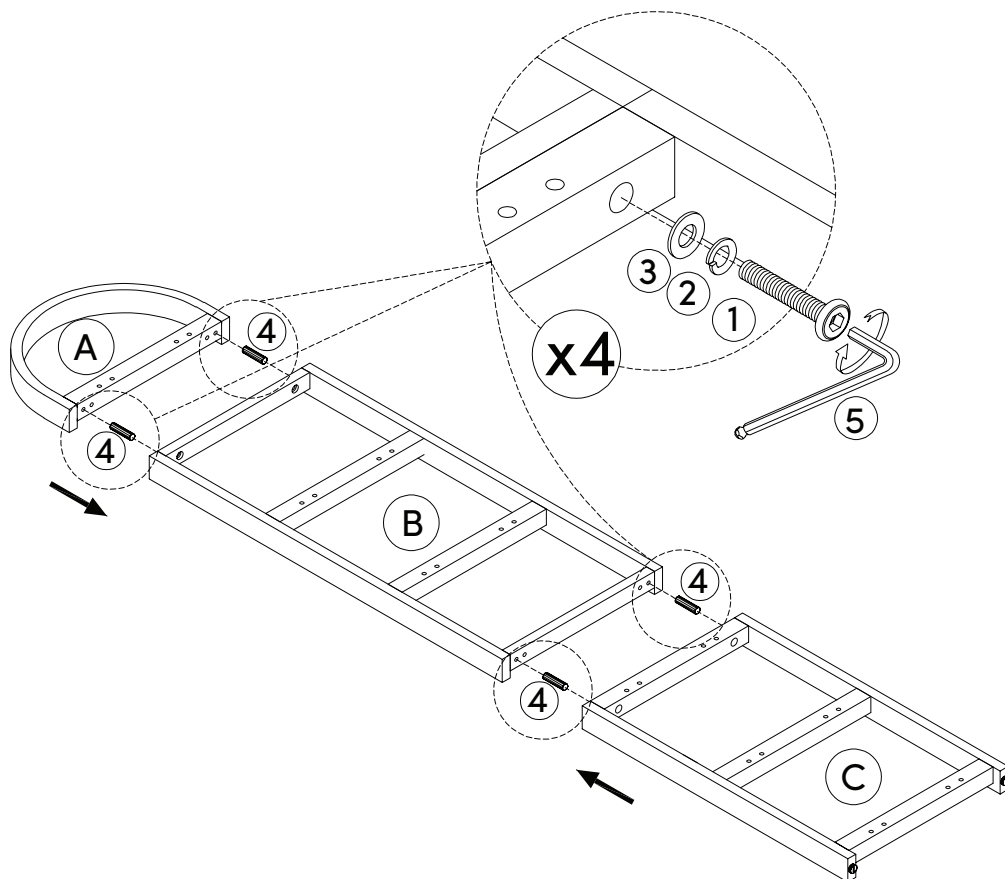

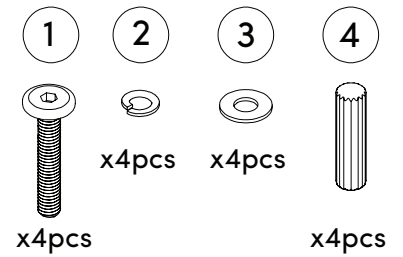

Step 1

Lay down the packaging or use your carpet as a protective work surface and let's get started!

First, insert the Wooden Dowels (4) into the Middle Side Frame (B). Then, place the Arched Top Frame (A) and Bottom Side Frame (C) over the Wooden Dowels (4).

Make sure everything is aligned as shown below.

Next, slide the Lock Washers (2) and Flat Washers (3) onto the Bolts (1) before using these parts and the Allen Key (5) to secure everything together.

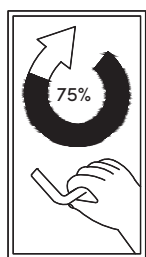

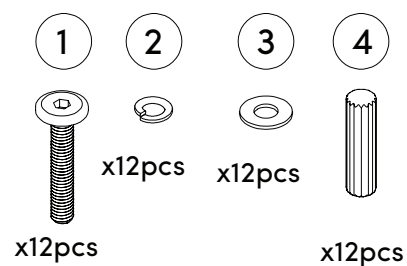

Step 2

Time to start securing the shelves!

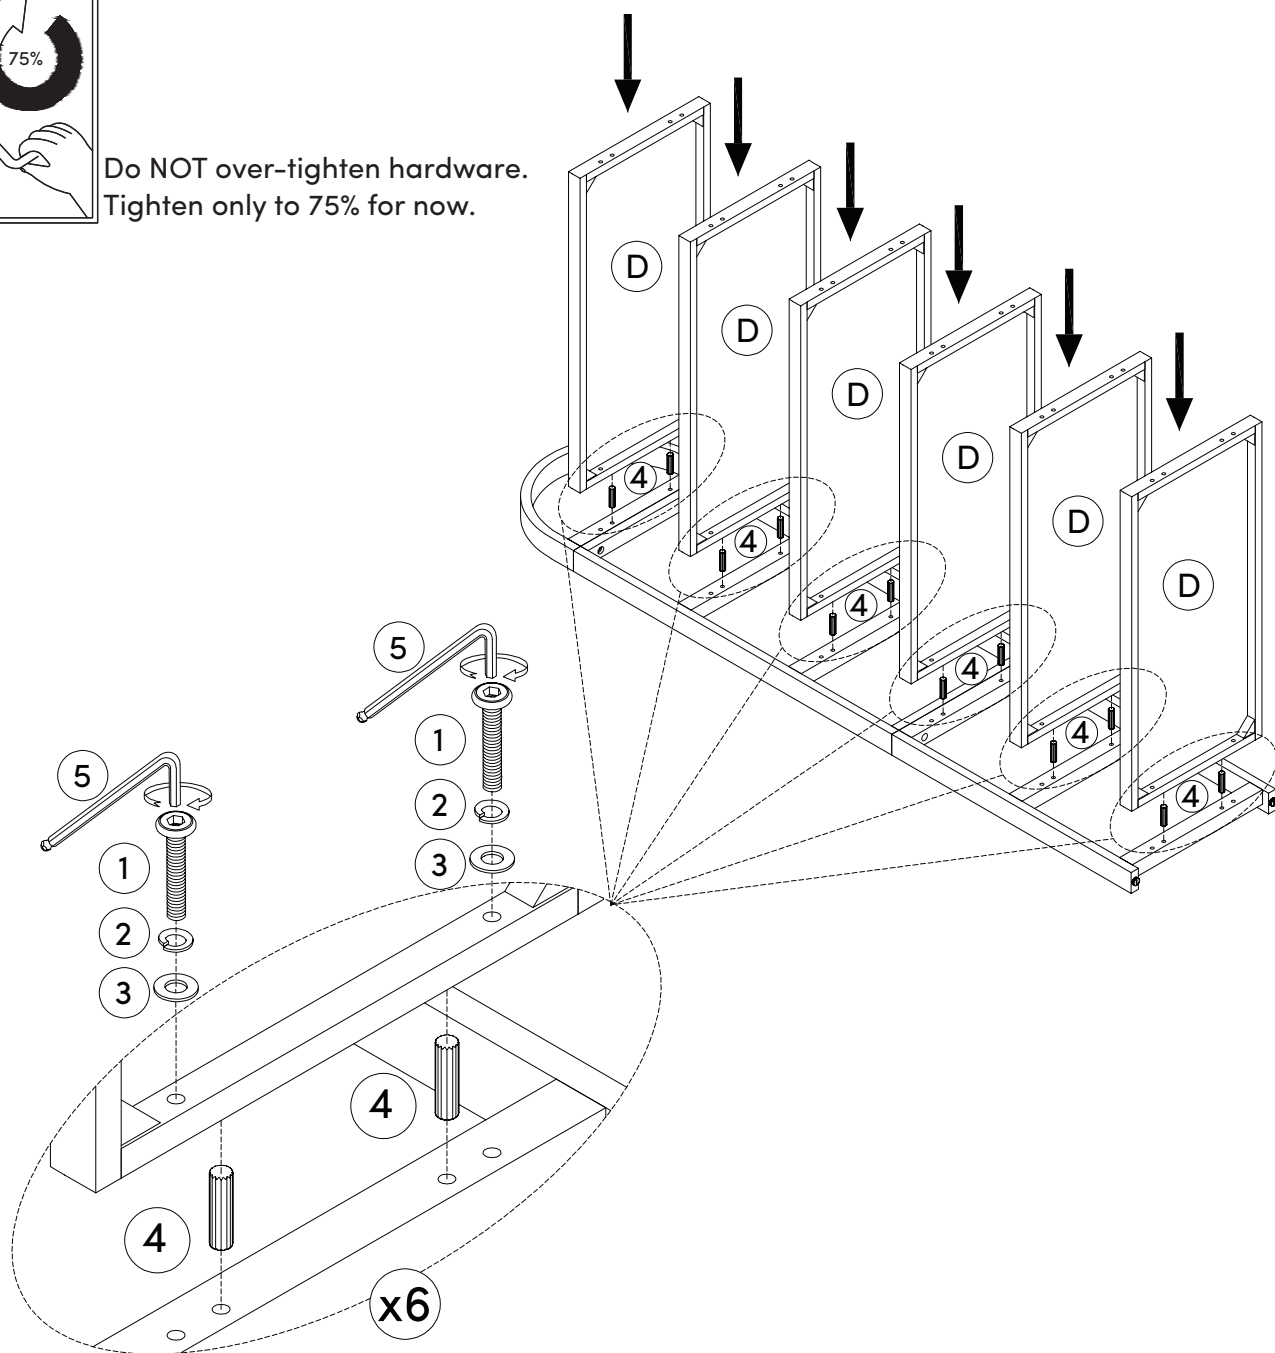

First, insert the Wooden Dowels (4) into the side frame assembled in Step 1. Then, insert the Wooden Dowels (4) in their respective holes before aligning each Shelf (D) over the top.

Make sure everything is aligned as shown below.

Next, slide the Lock Washers (2) and Flat Washers (3) onto the Bolts (1) before using these parts and the Allen Key (5) to begin securing each Shelf (D) in place.

Do NOT over-tighten hardware.
Tighten only to 75% for now.

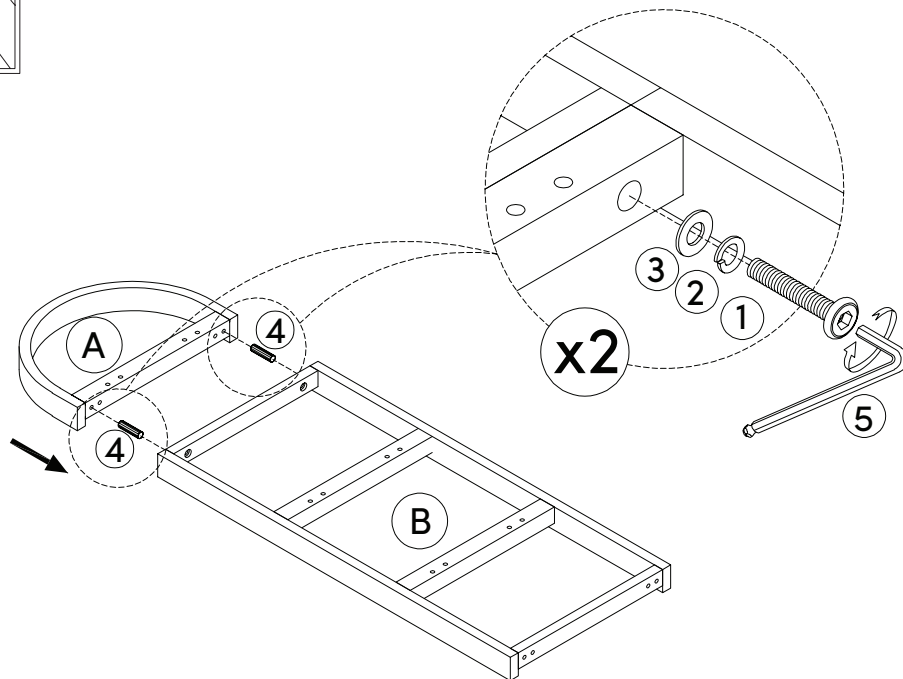

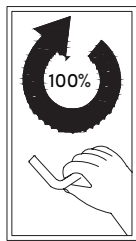

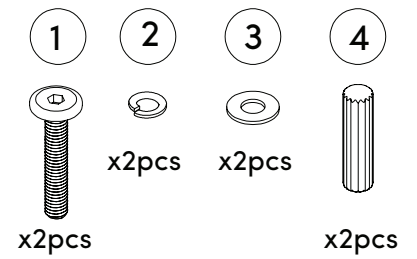

Step 3

Time to assemble the other side frame!

First, insert the Wooden Dowels (4) into the Middle Side Frame (B). Then, place the Arched Top Frame (A) over the Wooden Dowels (4). Make sure everything is aligned as shown below.

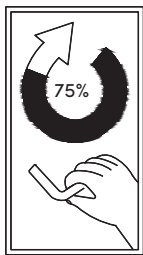

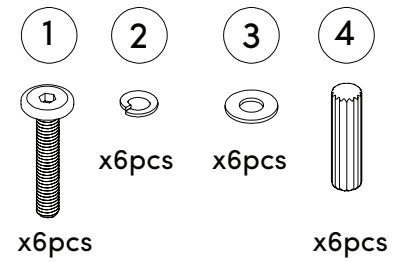

Next, slide the Lock Washers (2) and Flat Washers (3) onto the Bolts (1) before using these parts and the Allen Key (5) to secure everything together.

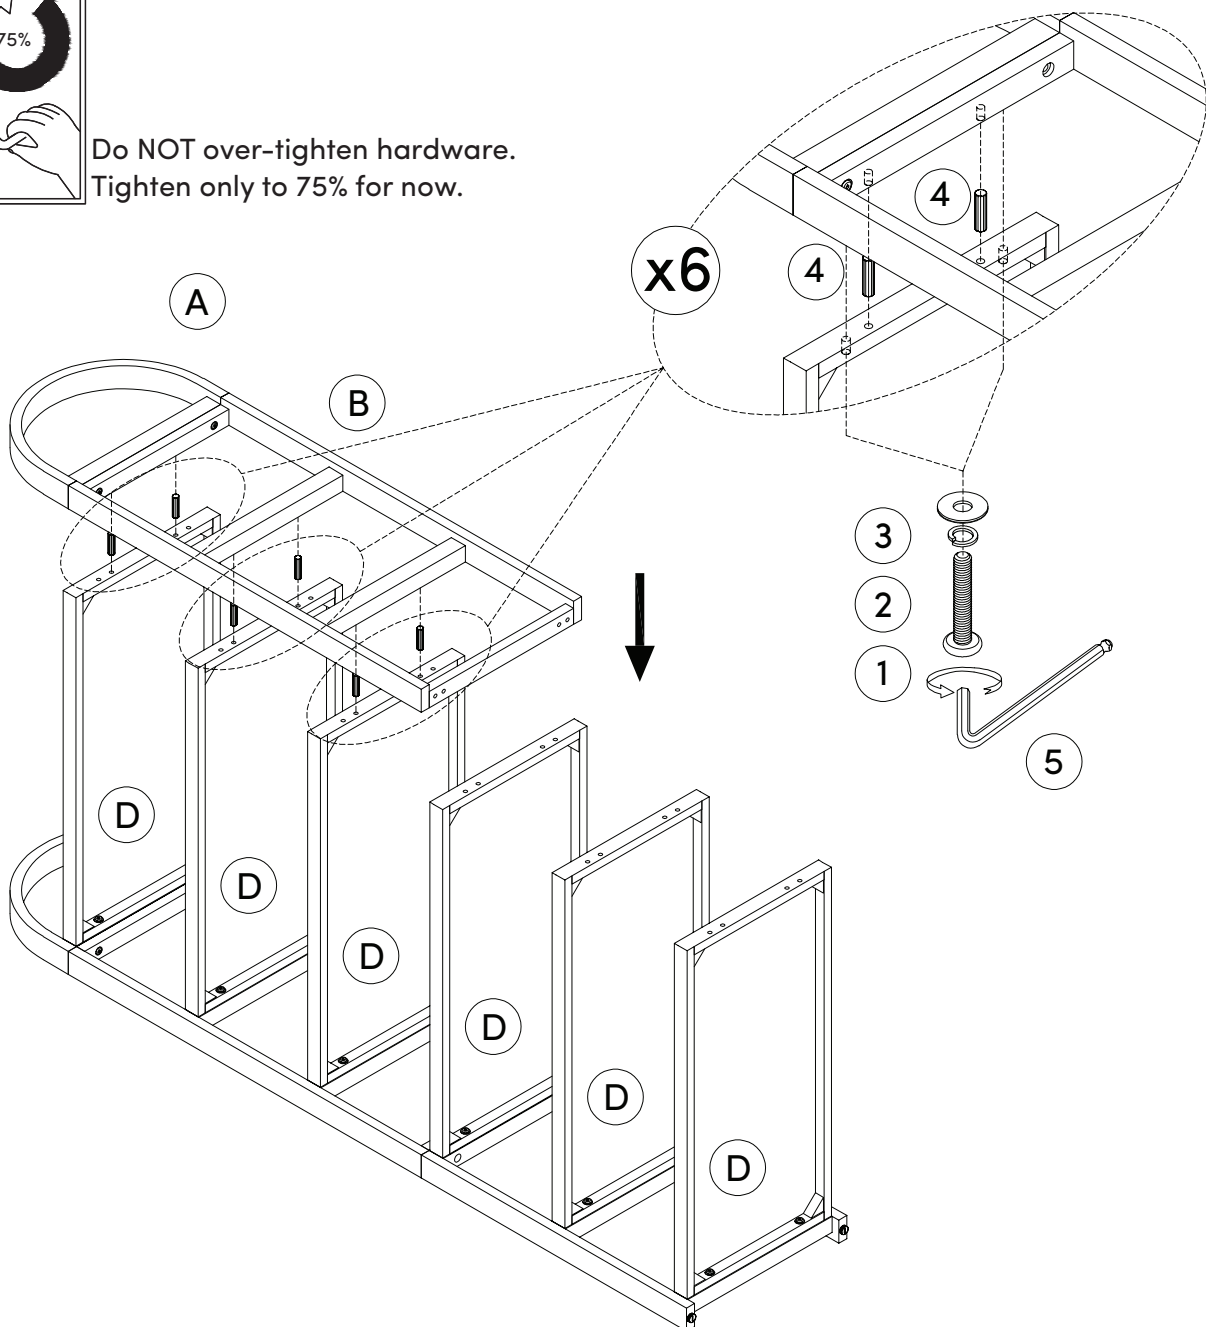

Step 4

First, insert the Wooden Dowels (4) into the ends of each Shelf (D). Then, align the assembled component from Step 3 over the Wooden Dowels (4).

Next, slide the Lock Washers (2) and Flat Washers (3) onto the Bolts (1) before using these parts and the Allen Key (5) to secure everything together.

Do NOT over-tighten hardware.
Tighten only to 75% for now.

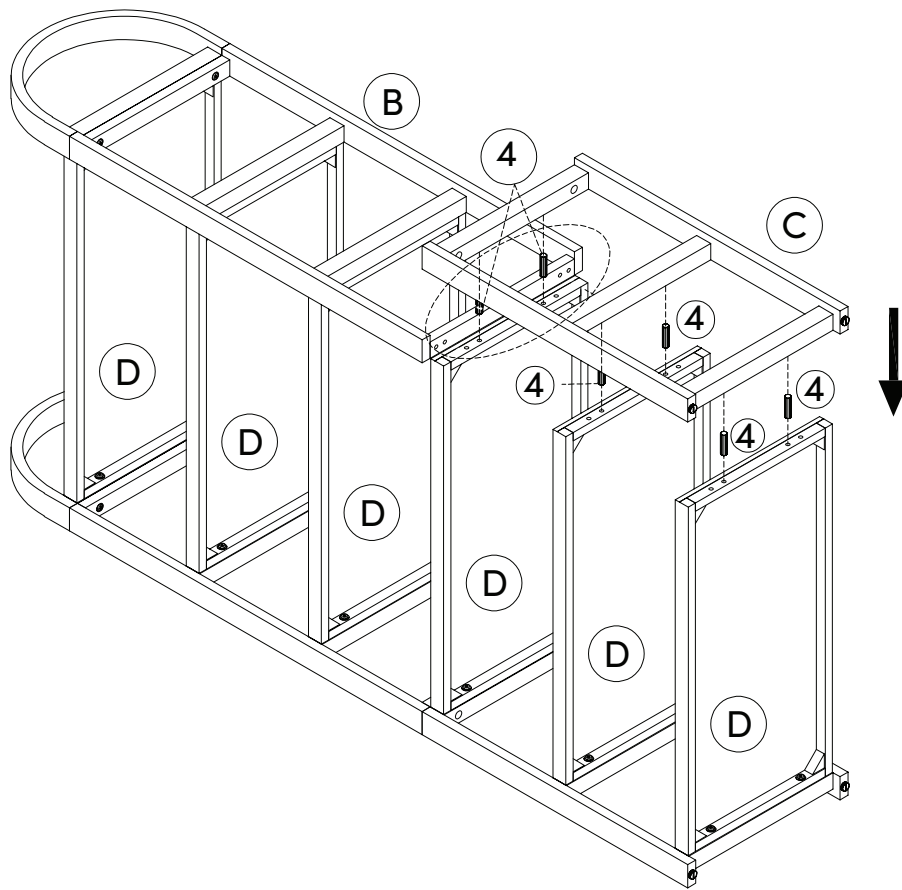

Step 5

Insert six additional Wooden Dowels (4) into the ends of the Shelf (D).
Then, place the Bottom Side Frame (C) over the Wooden Dowels (4).

4

x6pcs

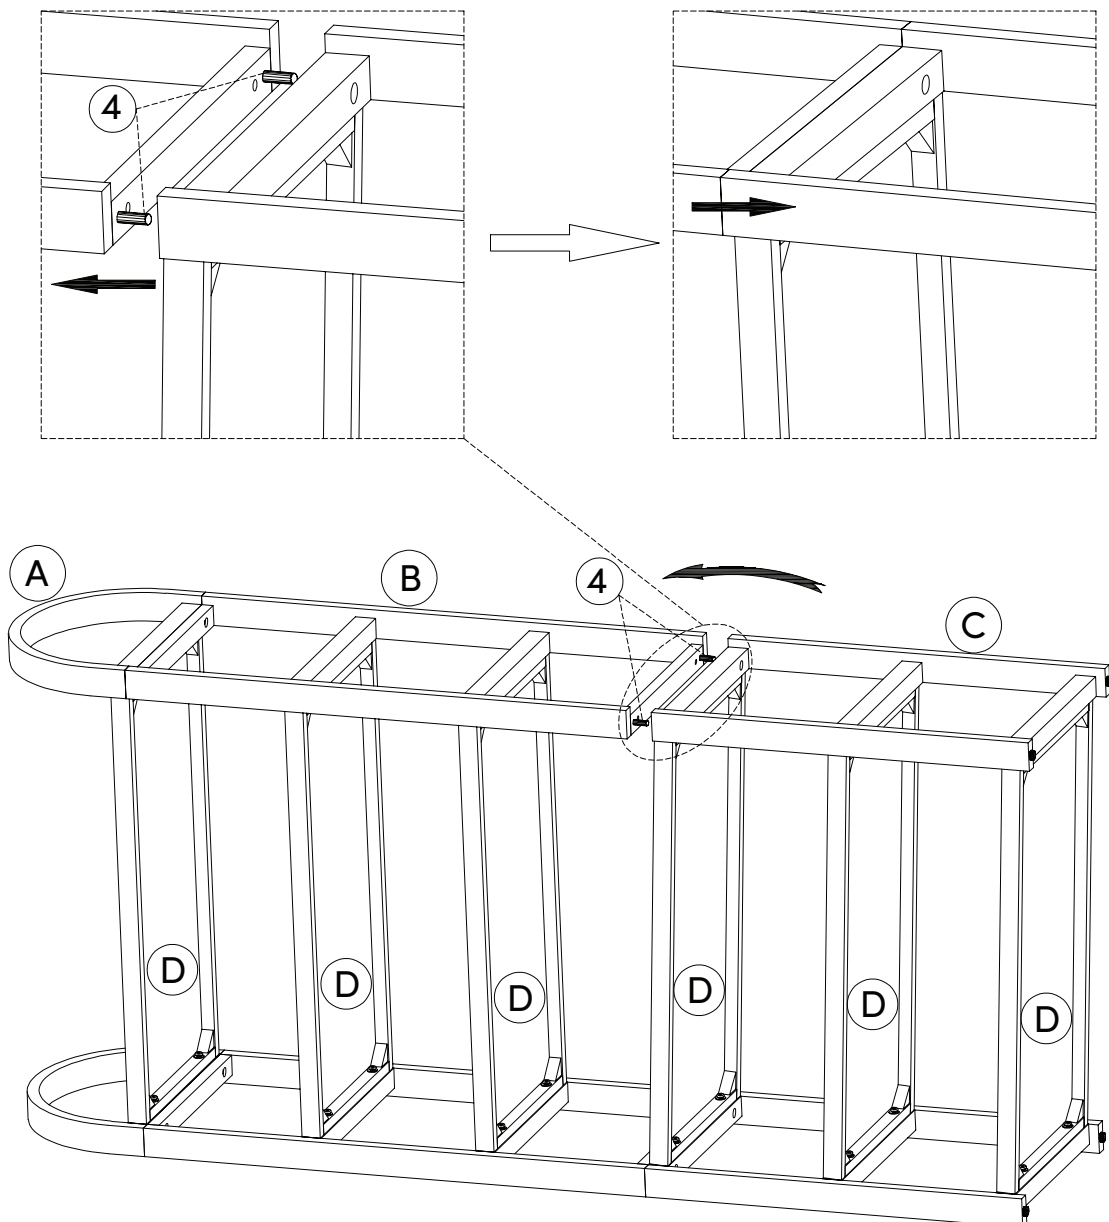

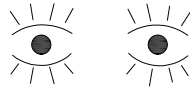

Step 5 cont.

Carefully create a gap between the Middle Side Frame (B) and Bottom Side Frame (C) by gently pulling them apart from one another. Next you will insert two Wooden Dowels (4) into the bottom of the Middle Side Frame (B) before closing the gap with everything aligned properly.

4

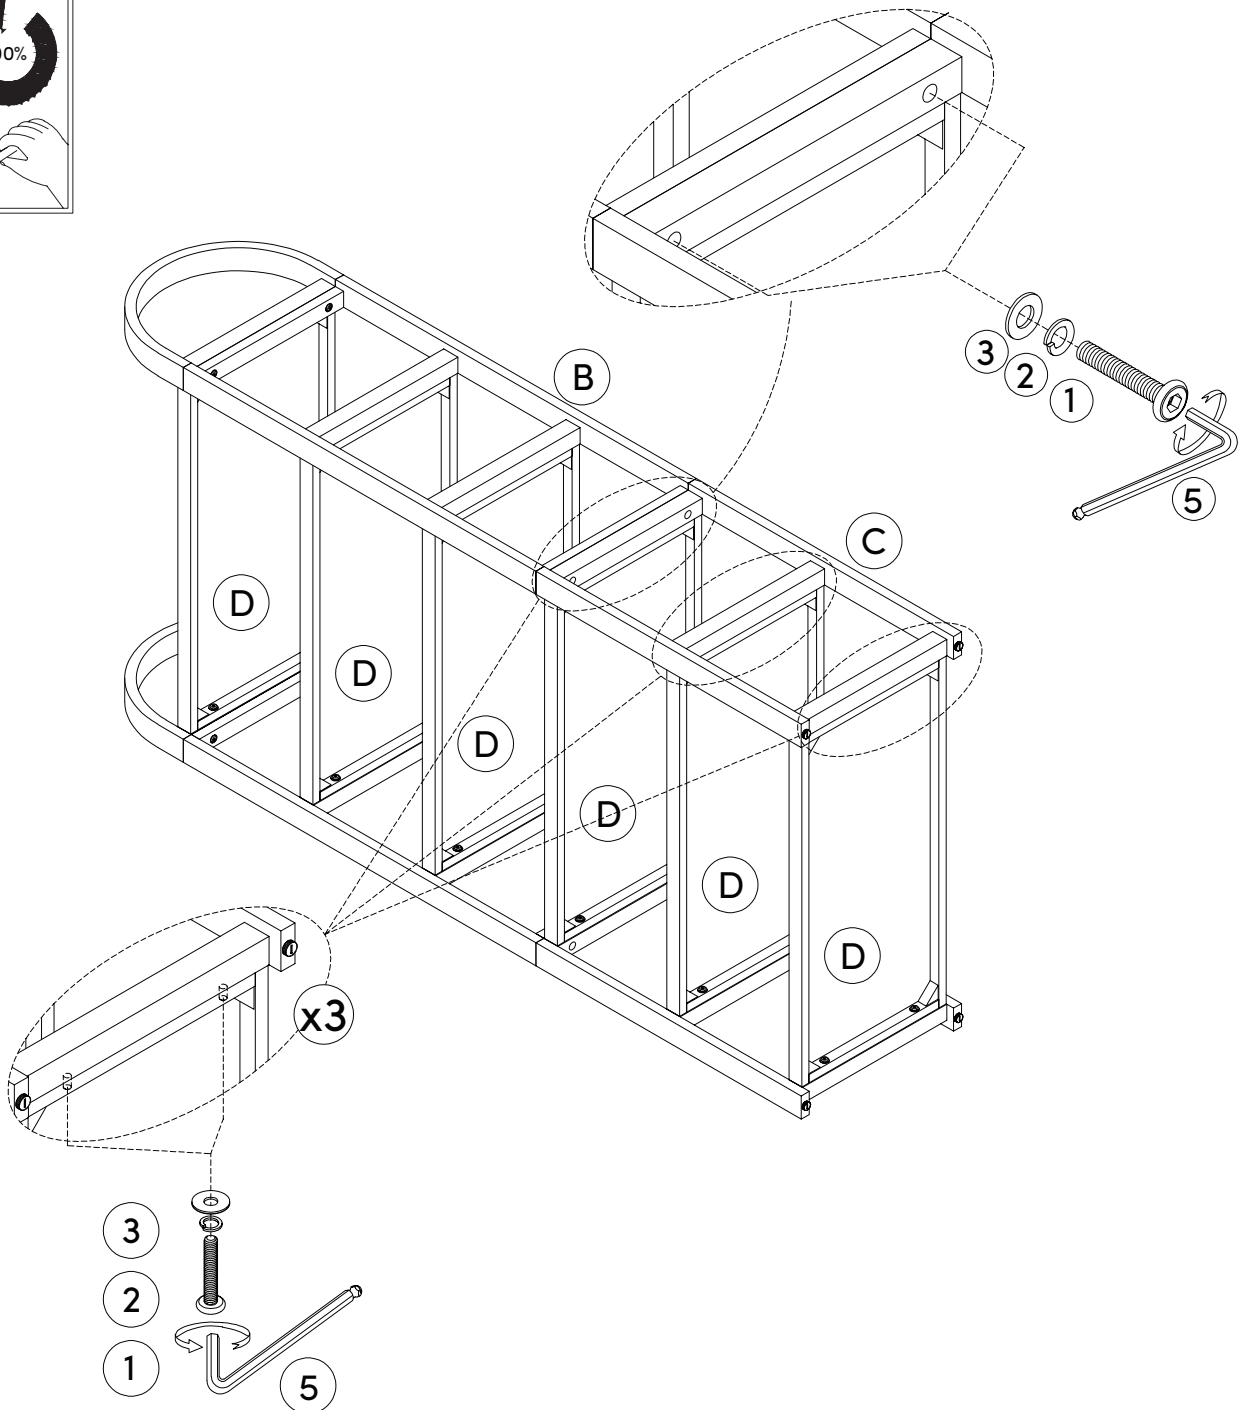

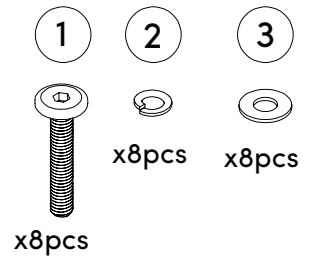

x2pcs

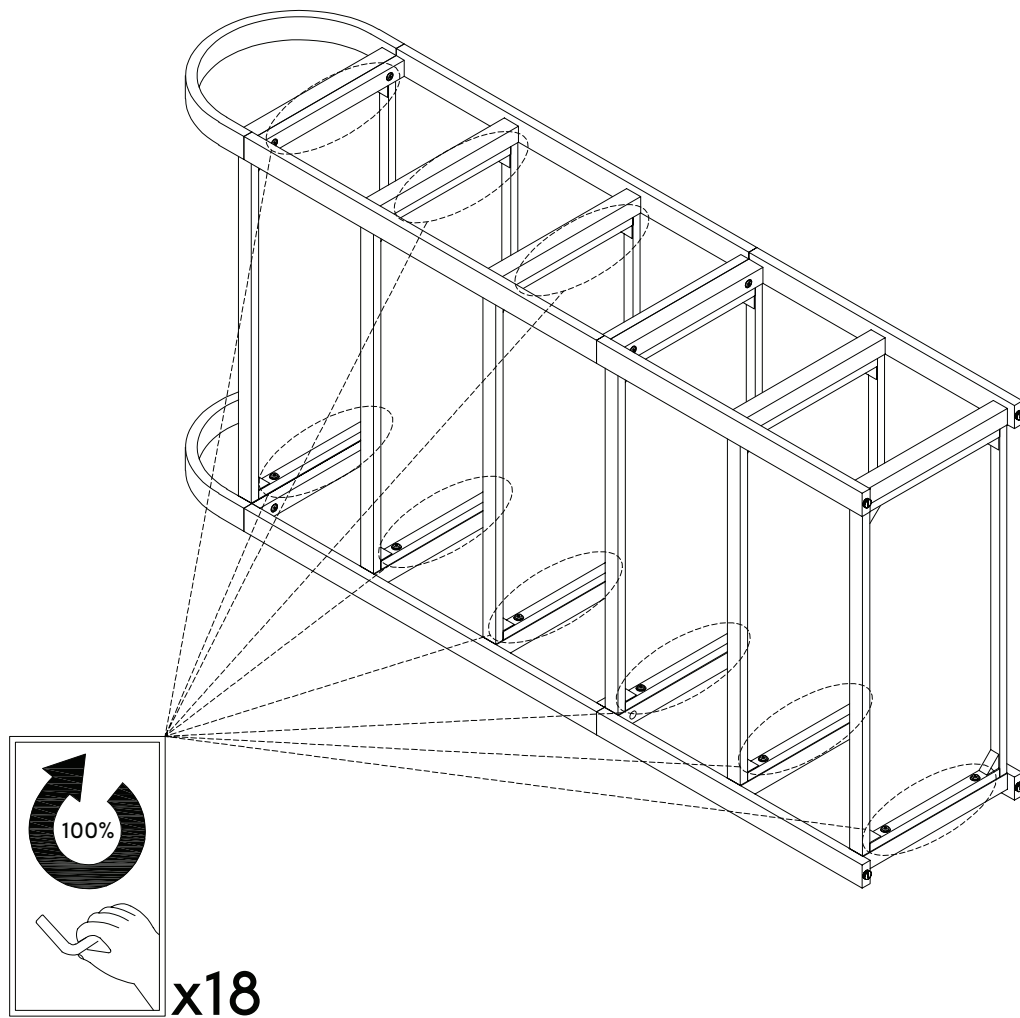

Step 6

Now, slide the Lock Washers (2) and Flat Washers (3) onto the Bolts (1) before using these parts and the Allen Key (5) to secure the Bottom Side Frame (C) to the Middle Side Frame (B). Then, secure the Bottom Side Frame (C) to the Shelf (D).

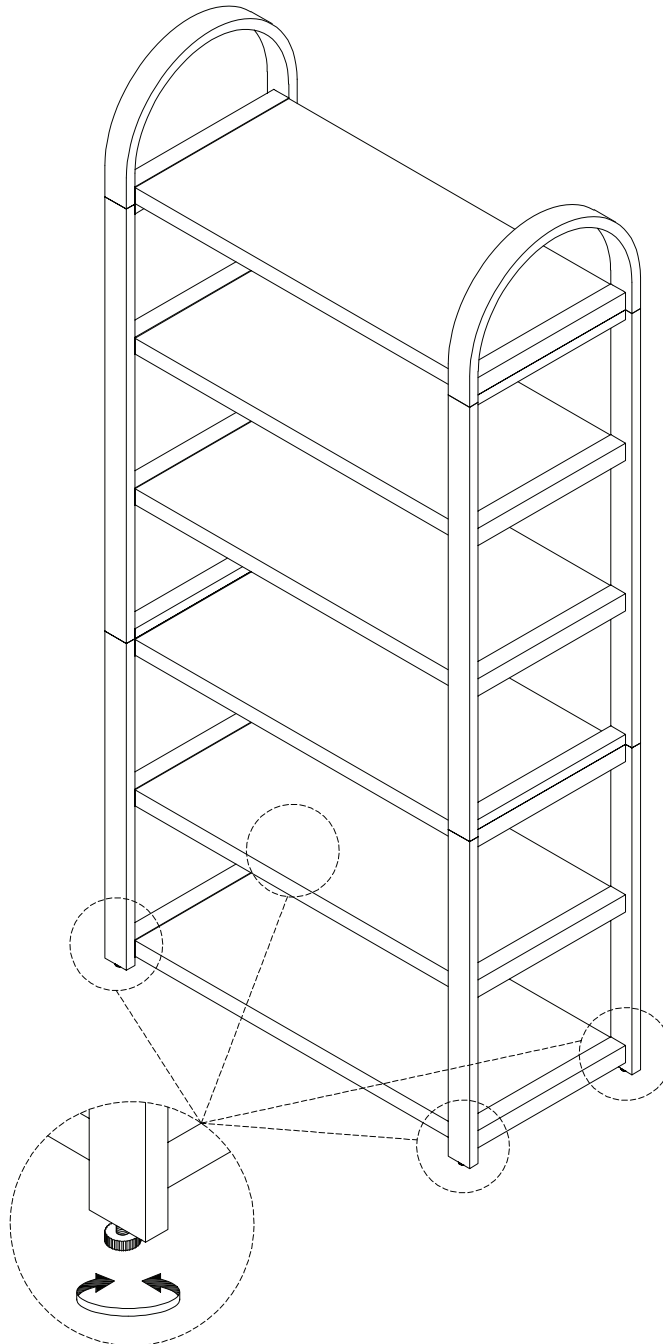

Step 7

Fully tighten all bolts from Steps 2 and 4.

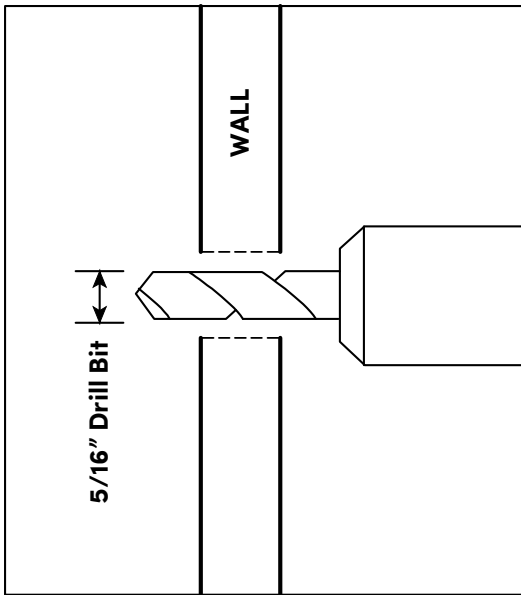

Step 8

Flip the unit onto its feet & check that your Syd Bookshelf is level and not wobbly. If it's looking a little uneven, adjust the levelers on the base until it's nice and level.

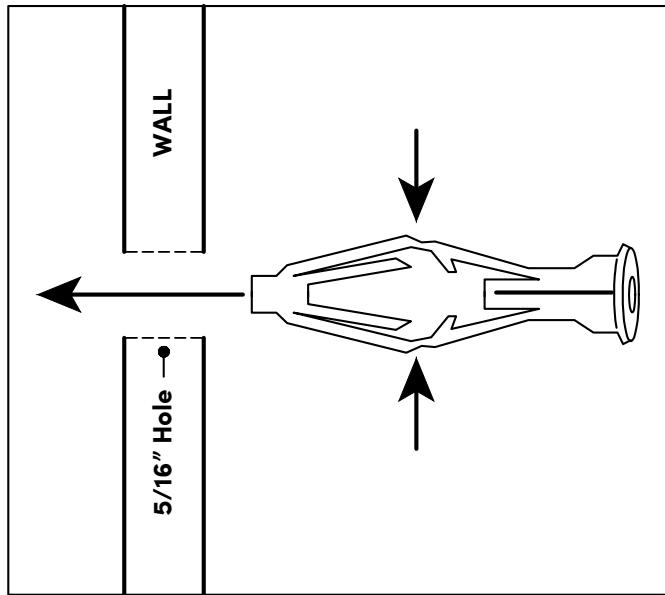

Wobbly or uneven?
Adjust the feet until stable

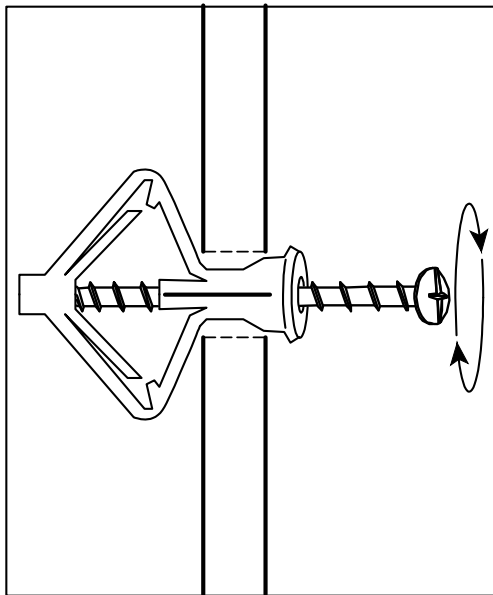

How to Use Drywall Anchors

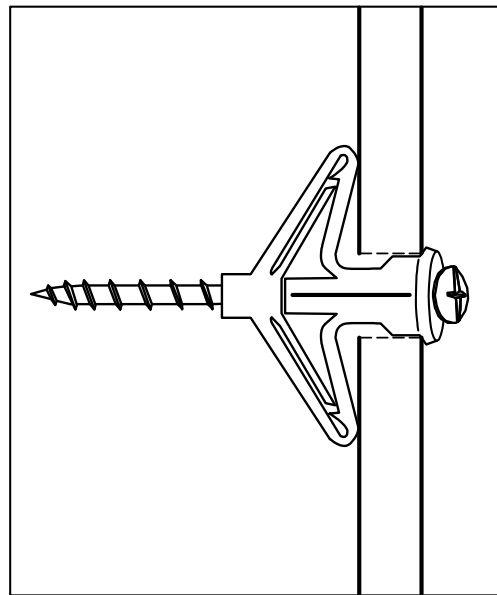

1. Drill a 5/16 hole.

2. Pinch and insert.

3. Begin tightening.

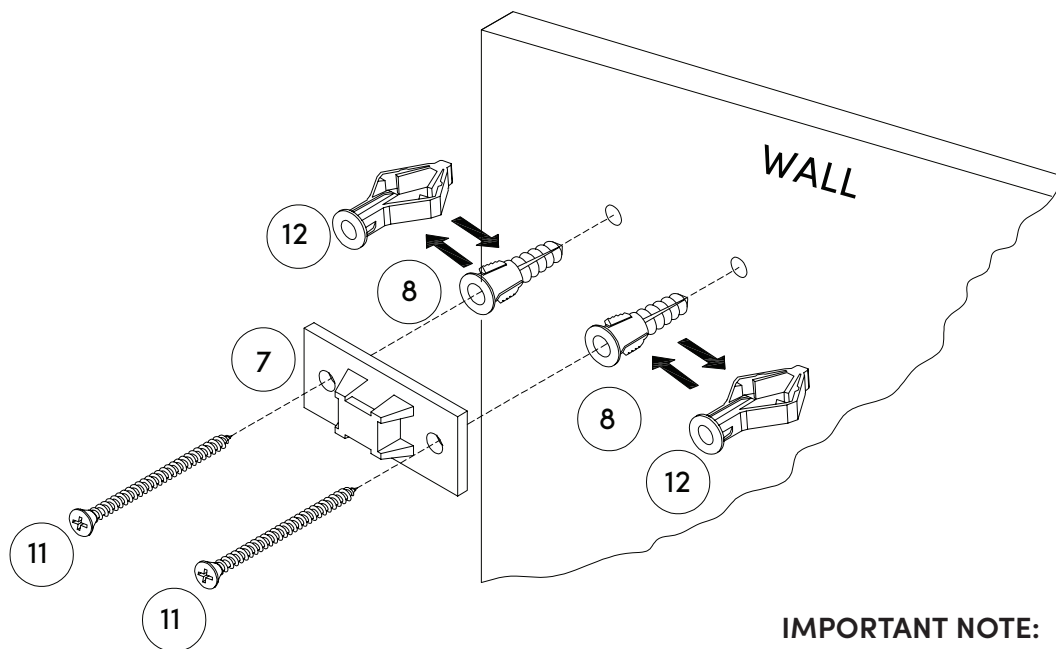

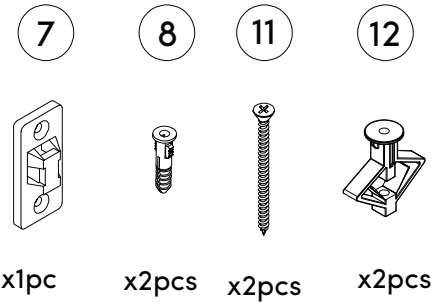

4. Anchor is secure when screw is tightened to 100%.

Step 9

Safety first! Let's get this bookshelf secured to the wall. Find where you want your bookshelf to live before you begin installing the wall anchors.

First, determine which style of wall anchor you will need. Then, using the proper, recommended drill bit & the Plastic Bracket (7) as your hole guide, you will drill 2 holes in your wall before finally inserting the anchors into the wall.

You will need either a 1/4" drill bit or a 5/16" drill bit for this step, depending on your wall type.

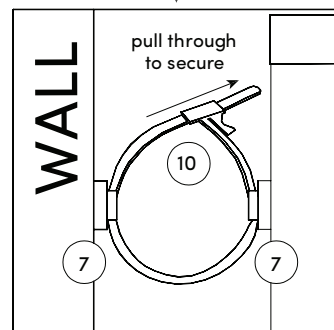

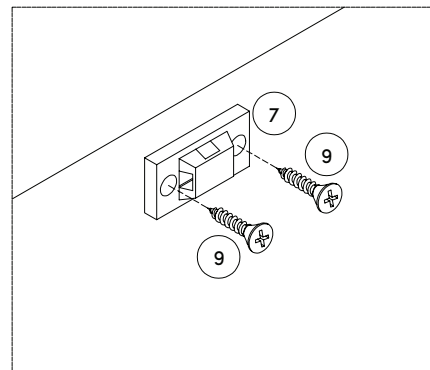

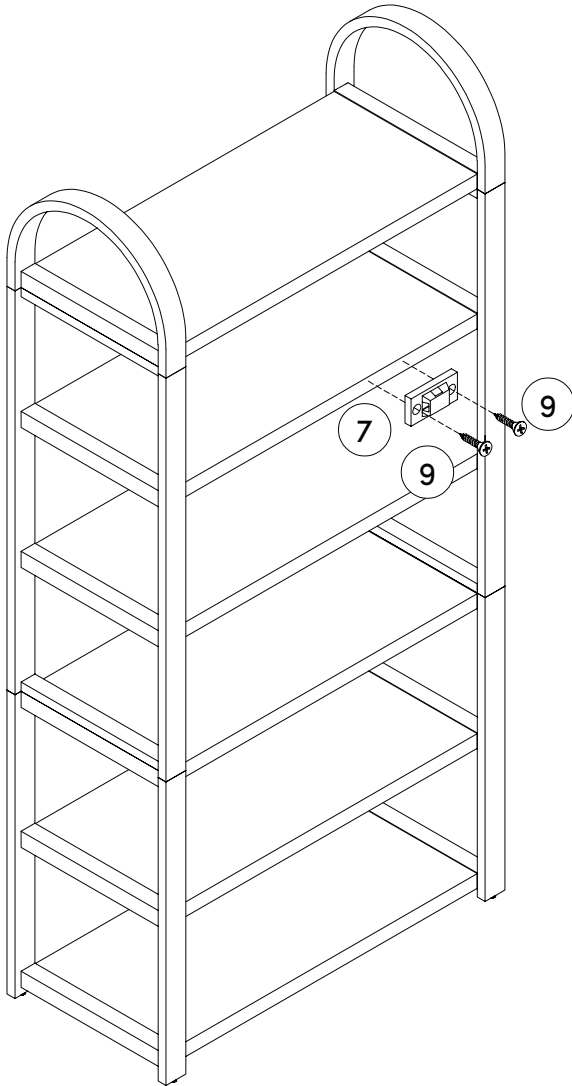

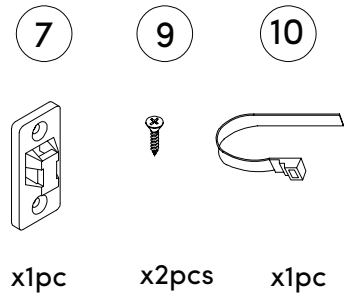

IMPORTANT NOTE:

Non-Drywall Anchor (8) requires 1/4" Drill Bit
Drywall Anchor (12) requires 5/16" Drill Bit

Step 10

Next, you will secure the other Plastic Bracket (7) to the back of the bookshelf using the M3.5 x 15mm Screws (9) before looping the Plastic Tether Strap (10) through both Plastic Brackets & pulling it through itself to secure the bookshelf.

IMPORTANT NOTE:

Young children (and/or pets) can be seriously injured by tipping furniture units.

You must install the provided anti-tip kit hardware solution, as instructed, to prevent the furniture unit(s) from tipping over - which could possibly lead to injuries or damage.

The provided anti-tip kit hardware solution is intended only as an additional safety measure & deterrent; it is not a substitute for proper adult supervision.

The provided anti-tip kit hardware solution is not an earthquake restraint. If you wish to add the extra security of earthquake restraints, they must be purchased & installed separately.

No heartburn, when we handle the return

You

We really don't want you to go through the hassle of re-packaging your item
and sending it back, because let's be honest...nobody has time for that.

Safety first, fun later

We want your product to last as long as possible, so we recommend that you tighten the screws 2 weeks after assembly and for added safety, check the tightness of all screws every 2 months.

For proper care and treatment, please check our website at NathanJames.com/products

Safe use of this product starts with you.

Use this product responsibly with the primary concern for your safety. Follow assembly instructions carefully and inspect product upon receipt and each use.

Nathan James and its parent companies cannot be held legally responsible for any injuries or death resulting from failure to follow instructions or improper use of this product.

Do not modify the structure of this product in any way.

Our products have been tested to meet specific safety measures as they were originally intended to be sold. Any modifications will present the risk of creating significant safety issues which NJ will not be responsible for.

Proper use

DO NOT	use for commercial purposes
DO NOT	frolic on bookshelf
DO NOT	use bookshelf as foot stool
DO NOT	leave spilled liquid on shelves
DO NOT	use if bookshelf is damaged
DO NOT	make temporary repairs
DO NOT	use outdoors

We are only in business if you're happy

For starters, thanks for being you.
