FIXTURE ASSEMBLY STEPS:

Install the E26 bulb after attaching the chassis to the wall

E26 Bulb

1. One end of the two lamp arms is fixed on the lamp body, and the other end is fixed on the bottom box

2. First lock the screw in the Lamp Cup, and then set into the glass, even to tighten the screw fixed glass

Warm tip: Screw must be evenly screwed, do not screw too tight, as long as the fixed glass will not fall on it, too tight glass will break

4. Power cut after the installation of the lamp body wires and the main line connected to the black line for positive, white line for negative
