ASSEMBLY INSTRUCTIONS

732-966 Vernay Console Table Skid Removal

This console table is packed with skids attached to retain stability during shipping. Before using the table, follow the below steps to remove the skids.

1. Place console table upside-down on clean, flat, non-marring surface.
2. Use Allen Wrench to remove bolts and flat washers in each skid.
3. Insert provided adjustable levelers into holes in bottom of each leg. Twist levelers until tight.

Refer to separate instructions for adjusting levelers.

For additional consumer assistance please contact your Lexington dealer or call our Consumer Services Department at 1-336-474-5300, Monday-Friday, 8-5 Eastern.
