Notes

1. Please check your gear before each use to ensure all parts are securely tightened.
2. Always consult your GP before undertaking any form of weight loss, fitness, or exercise.
3. Please do not use liquids containing any chemicals that may damage the surface of the hoop to clean it, wipe with water only. After wiping, be sure to dry it with a dry towel or paper to keep it dry at all times.
4. If you notice any visible damage or wear on the product, such as flaking or scratches, stop using it. Do not leave the product outdoors or in a humid environment.
5. If the hoop is struck or subjected to unusually high forces, even if there is no obvious damage to its appearance, it should be immediately taken out of use and thoroughly inspected.
6. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before ordering.
