

TILDA LARGE CHANDELIER

6-light chandelier with several tiers of wooden sticks on curved iron arms, all in a white-wash finish. The wooden dowels are placed atop pliable arms. When switched on, the light glows from within and transforms the space into something magical. During installation, please ensure that all bulbs are not touching any of the wooden dowels. If they are, gently press the arm away from the bulb about an inch to allow heat to properly disperse. Also comes in small (89559) and as a pendant (49558).
