

4' x 8' Natural Cork Roll

3mm thickness

flipside
Flipside Products, Inc.

Cork can be used for:

Wall Backing	Crafting
Soundproofing	Gardening
Displays	Cushioning
Decoration	Trivets
Flooring	and more!
Insulation	

Cork Tiles are sourced from cork oak forests. Cork forests are a barrier against fire, an essential contribution to the air we breath, and are the foundation of one of the 25 most important ecosystems in the world for preserving biodiversity. As cork is stripped from the tree, the tree actually increases it's ability to absorb environmental gases; the more it is harvested, the more it protects the environment.
