FIREPLACE INSTALLATION

If you decide to install the fireplace into the mantel, carefully set the unit from the back of the mantel and center it in the opening.

Check the alignment and attach the unit to the mantel by inserting screws through the drilled holes on the trim to the mantel.

NOTE: Do not attempt to install the unit from the front of the mantel. It will not fit.

FR_

INSTALLATION DU FOYER

Si vous décidez d'installer le foyer dans la cheminée, placez le avec précaution par l'arrière de la cheminée et centrez-le dans l'ouverture.

Vérifiez l'alignement et fixez l'appareil à la cheminée en insérant des vis dans les trous percés sur la garniture jusqu'à la cheminée.

REMARQUE : N'essayez pas d'installer l'appareil par l'avant de la cheminée. Il ne s'adaptera pas.

IMPORTANT SAFETY INFORMATION

PLEASE READ ALL OF THE INFORMATION IN THIS OPERATING MANUAL, INCLUDING ALL SAFETY, OPERATING, AND MAINTENANCE INFORMATION. TO AVOID THE POTENTIAL RISK OF FIRE, ELECTRIC SHOCK, OR INJURY TO PERSONS, USERS SHOULD FOLLOW THE DIRECTIONS AND WARNINGS IN THIS MANUAL.

1. Read all instructions before using this heater.
2. Do not use this heater outdoors.
3. This heater is not intended for use in bathrooms, laundry areas and similar indoor locations. Never locate the heater where it may fall into a bathtub or other water container.
4. Do not run the power cord under carpeting. Do not cover the power cord with throw rugs, runners, or the like. Arrange the power cord away from traffic areas and where it will not be tripped over.
5. To disconnect the heater, turn controls to off, then remove the plug from the outlet.
6. Attaching the ground to the screw on the outlet.
7. Connect to properly grounded outlets only. Always plug heaters directly into a wall outlet/receptacle. Never use with an extension cord or reloadable power tap (outlet/power strip).
8. To prevent a possible fire, do not block firebox air intakes or the exhaust in any manner. Do not operate the firebox on soft surfaces, like a bed, where openings may become blocked.
9. There is a thermostat limiter inside the heater. When the inner temperature over heats or abnormal heating occurs, the thermostat protective device cuts off the power supply to avoid fireplace damaged or risk of fire.
10. Use this heater only as described in this manual. Any other use not recommended by the manufacturer may cause fire, electrical shock, or injury to persons.

SAVE THESE INSTRUCTIONS

WARNING: There are no user serviceable parts inside the fireplace/heater. If the unit appears to malfunction, turn the unit off and unplug the unit from the wall immediately, and contact Customer Service.

WARNING: This heater is hot when in use. To avoid burns, do not let bare skin touch hot surfaces. If provided, use handles when moving this heater. Keep combustible material, such as furniture, pillows, bedding, papers, clothes and curtains at least 3 ft. (0.9 meters) from the front of the heater and keep them away from the sides and rear.

WARNING: Extreme caution is necessary when any heater is used by or near children or invalids and whenever the heater is left operating and unattended.

WARNING: Always unplug the heater when not in use.

WARNING: Do not operate any heater with a damaged cord or plug or after the heater malfunctions, has been dropped or damaged in any manner. Return the heater to an authorized service facility for examination, electrical or mechanical adjustment, or repair.

WARNING: Do not insert or allow foreign objects to enter any ventilation or exhaust openings as this may cause an electric shock or fire, or damage the heater.

WARNING: A heater has hot and arching or sparking parts inside. Do not use in areas where gasoline, paint, or flammable liquids are used or stored.

CAUTION: While the heater is in use, the top center of the fireplace can get hot to the touch, and may cause serious injury or burns. Always supervise small children around the fireplace/heater. Do not place any cloth or decorations over the heater outlet of the fireplace, or otherwise obstruct the heater outlet of the fireplace, as this may cause a fire and serious injury may result.

Check that the air intake and exhaust is not covered or obstructed in anyway.
 Keep combustible objects at least 3ft away from the unit.
 Plug the unit to a grounded power socket.

Grounding

This product must be grounded. If it should malfunction or breakdown, grounding provides a path of least resistance for electric current to reduce the risk of electric shock. This unit comes standard with a 6ft (1.8m) long, three wired cord. Always plug the unit into a wall outlet. An extension or relocate tab should never be used.

CAUTION / WARNING

- Improper connection of the equipment grounding conductor can result in a risk of electric shock. Check with a qualified electrician if you are in doubt as to whether the product is properly grounded.
- DO NOT modify the plug provided with the product nor use any bypass device if the plug does not fit the outlet. Have a proper outlet installed by a qualified electrician.

SPECIFICATIONS

Power Rating	1400 W
Voltage	120 V
Frequency	60 Hz
Control	Push Button Control and Remote Controls
Heating Levels	22 Heating levels in Fahrenheit or 12 Heating Levels in Celsius
Flame Levels	1-3 levels
Media Displace	Log set
Light	Led light

OPERATING INSTRUCTION

Read all instructions and warnings prior to operating the appliance. Ensure that all controls are in the “OFF” position before plugging the appliance in to a properly grounded electrical outlet.

Flame and heater can be presented separately or at the same time.

The Fireplace control functions can be accessed in two ways:

- Using the touchpad control panel, located on the upper right-hand of the fireplace
- Using the multi-function remote control , functions same as control panel

Fireplace Unit

Remote Control

Using the Control Panel

Control Panel

The control panel is located on the top right corner of the unit.

Power ON / OFF

Press the power button to turn on the unit. Press again to turn off the unit.

NOTE: There is a thermostat limiter inside the unit. When the inner temperature is too hot, the unit will automatically turn off to avoid damage to the product or risk of fire.

⚠ CAUTION / WARNING

- DO NOT unplug the unit when it is still “ON”

Flame Control

Press the flame control button to rotate and set flame effect levels. The flame setting are as follows.

Button Press	Flame Level	Display Value	Fireplace Appearance
1st Press	High	L3	Highest flame, logs glow
2nd Press	Medium	L2	Medium flame, logs glow
3rd Press	Low	L1	Low flame, logs glow
4th Press	OFF	None	OFF

NOTE: When the heater is turned on, the flame effect level can only rotate and set between High, Medium, and Low.
