

WIDE SIDEBOARD

Thank you for purchasing this product. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product.

Pre-assembly preparation

Please ensure instructions are read in full before attempting to assemble this product.

Necessary Tools

A cross head screwdriver only should be used to assemble this product, an electric drill may cause damage to the product and is not recommended.

Please check the pack contents before attempting to assemble this product. A full checklist of components is given in this leaflet. If any components are missing, please contact the retailer from whom you bought this product.

This product takes approximately **10 MINUTES** to assemble with **1 PERSON**.

All assembly should be performed on a flat, stable, clean and soft surface.

This product is **HEAVY**, it should be assembled as near as possible to the point of use. **TAKE CARE WHEN LIFTING** to avoid personal injury and (or) damage to the product

The fitting pack contains **SMALL ITEMS** which should be **KEPT AWAY FROM YOUNG CHILDREN**.

IMPORTANT: Retain these instructions for future reference.

Fittings and parts checklist

Item	Description	Qty.	Item	Description	Qty.
1	Long wood shelf	x 1	2	Short wood shelf	x 1
A	Wood shelf support 	x 4	D	Flat head screw  Ø4x15mm	x 2
B	Mounting plate 	x 2	E	Flat head screw  Ø4x25mm	x 2
C	Nylon strap 	x 1	F		

Step By Step Assembly Instructions

- Step 1**
- 1.1 : Insert 2x wood shelf support (A) into the pre-drilled holes in left side panel of the unit as shown.
 - 1.2 : Tilt long wood shelf (1) to a suitable angle as shown in the picture so as to slide it in.
 - 1.3 : Slide long wood shelf (1) into the unit. Ensure the holes on long wood shelf (1) are facing down, then place them onto the pins of wood shelf supports (A) as shown.

Fitting

Step By Step Assembly Instructions

Step 1 Continued

1.4 : Lift up right hand side of long wood shelf (1).

1.5 : Insert 2x wood shelf support (A) into the pre-drilled holes in partition of the unit as shown and lower long wood shelf (1) onto the pins of wood shelf supports (A).

Fitting

Step By Step Assembly Instructions

- Step 2**
- 2.1 : Insert 4x wood shelf supports (A) into the pre-drilled holes in partition and right side panel of the unit as shown.
 - 2.2 : Tilt short wood shelf (2) to a suitable angle as shown in the picture so as to slide it in.
 - 2.3 : Slide short wood shelf (2) into the unit. Ensure the holes on short wood shelf (2) are facing down, then place them onto the pins of wood shelf supports (A) as shown.

Fitting

HINGE ADJUSTMENT INSTRUCTIONS

LATERAL ADJUSTMENT

by screw adjustment.

FRONT-TO-BACK

by slackening and retightening the hinge-arm mounting screw.

VERTICAL ADJUSTMENT

via slots on mounting plate by slackening and retightening the screws on mounting plate

TANDEM RUNNER ADJUSTMENT INSTRUCTION

REMOVE

VERTICAL ADJUSTMENT (± 2.5 mm)

ASSEMBLE

TIP KIT INSTRUCTIONS

Notice:

Notice: To prevent injury and property damage from unexpected tipping of furniture, we highly recommend installation of the anti-tip kit included with this product.

Attaching furniture to wall with anti-tip kits

1. Determine where the piece is to be placed and mark location on the wall for the mounting bracket screw holes. They should be placed approximately 1" below the top on the back of the piece of furniture.
2. Attach the mounting bracket vertically to the wall by inserting the long screws provided through the holes in the bracket and tightening securely using screwdriver. Screws must penetrate wall studs for proper installation.
3. Next using the short screws attach the 2nd bracket to the back of the piece of furniture's top.
4. Lace the nylon strap down through the brackets. Slide the thin end of the strap through the receiving end on the nylon strap. Pull to tighten the piece of furniture snug against wall.

CARE INSTRUCTIONS:

1. Hardware may loosen overtime. Periodically check that all connections are tight.
2. Wipe with a soft, dry cloth. To protect finish, avoid the use of chemicals and household cleaners.

Care and Maintenance

Wood Furniture

Wood displays different grain patterns depending on which way they are cut - for example, the 'medullary ray' which can appear on oak furniture is a mark of good quality timber - these are just characteristics of the natural beauty of the wood.

Some furniture is also deliberately aged and rustic.

Wood veneers also allow distinctive patterns to be created on some surfaces, such as table tops and drawer fronts by the way slivers are arranged.

All timber and veneer surfaces will change colour and mellow over time. New furniture will initially vary in shade from items that have been previously purchased.

How to care for your wood furniture

Dust with a clean, damp, lint free cloth. Frequent dusting will remove abrasive build up, which can damage the finish over time.

Do not use a very wet cloth or allow any liquid to contact with the veneers for a long period of time as this can permanently damage the surface. Wipe up spills immediately.

Do not use any abrasive cleaner or harsh detergent as this can damage the surface of the furniture.

Spray polishes are best avoided as they contain silicones which may spoil the furniture's surface when building up over time.

Make sure all surfaces are protected from heat and liquids by mats and coasters.

Ensure that a mat or pad is placed under paper when you are writing on the furniture surface.

Do not place rubber or plastic materials on the wood finish as chemicals within may react with the finish if left in contact for an extended period of time.

Our furniture will endure most temperatures in the home but it is best to avoid placing furniture next to heat sources such as radiators or fires. Be particularly careful with solid wood as the lack of humidity caused by home heating can cause damage such as warping, cracking or splitting.

Excessive exposure to sunlight can cause fading of your furniture.

Safety Instructions:

Never drag furniture when moving it. Always lift it.

Periodically check all fixings to ensure none have come loose. Re-tighten when necessary.

Please take care when handling or moving the furniture as careless handling may cause damage or injury.

Furniture can be dangerous if incorrectly assembled. Assembly should be carried out by a competent person.

No liability will be accepted for damage or injury caused by incorrectly installed or assembled furniture.

Heavy item warning:

It is recommended to seek assistance when moving a heavy object. Take care when lifting to avoid personal injury and (or) damage to the product.

It is recommended that before moving a heavy object to a new location it is completely dis-assembled to avoid personal injury or damage to the furniture. Please be careful to retain all fitting when doing this.

PLEASE KEEP THESE INSTRUCTIONS FOR FUTURE REFERENCE
