

INSTRUCTION

SKU: N719P211024

Notice: As the cushions are vacuum-compressed, allow up to 72 hours for them to return to their original shape. To expedite this process, you may knead the cushions gently, similar to a massage, to facilitate air circulation through the foam. This will enhance the cushions' rebound and help them become fluffy. If there are any wrinkles, use an iron to gently smooth them out.
