

One Bed, Many Options.

This is a bedding system uniquely designed to adapt and change to the growing needs of children. At the base is our standard Twin Size Platform Bed which can be adapted into many different variations. Depending upon individual needs or tastes, by simply adding on additional parts or extension kits, your options grow. As illustrated, by adding a Back Guard Rail Kit, the bed is transformed into a Day Bed. Add on a Low Leg Extension Kit and it becomes a Low Loft Bed. Add a second Bed with the Bunk Bed Kit and you have a Bunk Bed. The transitional possibilities are virtually endless! At any stage, whatever your child's current bedding needs are, we offers one of the most complete juvenile bedding lines in the US market. Our line offers many of the highest quality beds available, be it Twin Beds, Day Beds, Toddler Beds, Loft Beds, and Bunk Beds, etc.

Furniture for a Healthy Home.

Often much time is spent thinking about the style of our children's furniture, while considering what the furniture is made of and how that may affect the health of our children, is of greater importance. On average, children spend half of their young lives in their bedroom. Much of today's "Wood" furniture is made from "Engineered Wood" (i.e., Particle Board and MDF) which is particularly unhealthy for children. These materials contain toxic chemicals and substances (such as formaldehyde), a potential carcinogen that have proven to "Gas Off" into your home environment. All our furniture is made of only Natural Solid Wood, thus eliminating any fears of toxins present in any of our furniture.

Eco-Friendly.

We take great pride in the fact that all of our products are manufactured of Prime Grade Solid Wood, harvested from verifiably sustainable sources. We recognize our responsibility toward contributing to a greener, healthier environment.

We do More...

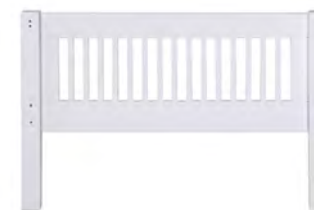

Beyond offering the best in flexibility, safety, durability, and healthy living elements in our furniture, we offer designs that you and your children will fall in love with. Our beautiful product line easily combines with any home decor, with a choice of three of the most popular style headboards available - Arch Spindle, Mission and Solid Panel styles. Combine this with your choice of two beautiful finishes, Cappuccino and White, you have simply the best offering in juvenile furniture for your children today.

SAFETY

OUR HIGHEST PRIORITY

Our beds are all made of solid wood construction and are built to stand the test of time. All of our beds are tested and certified to meet all Government and/or Industry Safety Standards - CPSC/ASTM. We take seriously it's responsibility of ensuring that all finishings and coatings used on our products are compliant with US Federal Hazardous Substances Act (All CPSC Regulations), as well as, Independent Industry Standards (ASTM F-963). The construction of our ladders and steps are designed to be extra wide to add to the safety and durability of the steps. The wider the steps the safer the steps. All components of our line are designed with your child's safety in mind.

BUNK BEDS

Your Family Is Growing

When the family is growing and your space is not, a perfect solution is one of the many Bunk Bed options we offer. Our bunks are as beautiful as they are sturdy. Should you already have a bed, add onto it with our transitional kits and make it a Bunk Bed! Our extension kits and beds are fused together with our “Double Barrel Steel Connectors” to make one of the most stable Bunk Beds on the market. How smart and economical is that?

Safety Above All!

All Bunk Beds are Certified to meet and/or exceed all US Government and Industry Safety Standards. Solid wood Construction together with our unique Hardware System make for a Bunk Bed that will last for years.

Configure Your Space...

Our ladders can be attached to all four sides of the Bunk Bed, to give more flexibility in setting up your child's room.

They separate into 2 Twin Beds when needed. Add our Under Bed Storage and/or trundle to make even better use of your space.

Flexibility...

It's what we are all about!

CAPTAIN'S TRUNDLE BED

TWO BEDS WITH STORAGE

New!

What more do you need...?

Captain's Trundle Beds offers flexibility of design to adapt to your child's needs. The taller headboards allow you to adjust the bed lower to traditional bed height and add on our traditional under bed trundle or set of storage drawers. Raise the bed higher to accommodate our unique 2 in 1 Trundle Storage Bed, providing both a second bed and storage drawers in the same unit! Add the modesty panels for a neater side view. Add a Twin Bed Up top and you transform it into a Bunk Bed!

HIGH BUNK BED

ADJUSTABLE, FLEXABLE & ROOMY

New!

Three Beds Plus Storage –Oh My!

Tall Bunk Beds are designed to give extra height and the flexibility which that offers. Adjust the lower bed to accommodate our Under Bed Captain's Trundle Bed, giving 3 beds plus storage. Don't need three beds? Adjust bed to standard height and add our traditional Under Bed Storage Drawers and/or Under Bed Tumble. Our Tall Bunks are designed for Lateral or Front Ladders.

Tall Mission Bunk Bed with Under Bed Storage Trundle

Tall Mission Bunk Bed with Storage Drawers & Lateral Ladder

Tall Mission Bunk Bed with Front Ladder

Add on! It's really easy...

Transform any Twin Size Platform Bed by simply adding on our Canopy Bed Kit. Add extra storage with our Under Bed Drawers. Need a second bed for sleepovers? Add our Trundle Kit for sleeping for two and keep it neater looking with our Modesty Panel Kit. Add a touch of fabric and you've got the perfect princess bed!

SOLID WOOD CABINETS

FLEXIBLE SLEEK DESIGN

Natural Solid Wood

All Chests, Dressers and Cabinets are made exclusively of solid wood. We do not use any "MDF" or "Particle Board" in our production. That means longer lasting and environmentally healthier furniture for your home.

Multi Purpose Design

Case goods are designed to be used either as under bed storage together with our Loft Beds, or used separately. Either way their beautiful and timeless design elements are sure to be treasured for years to come!
