

ASSEMBLY DRAWING & PARTS LIST-WITH LIGHT

Important:

- A. All installation work should be done by accredited professional.
- B. Rated Voltage: AC 220-240V 50Hz ; using a power supply beyond the specified will cause damage to the lamp.
- C. Please cut off the power before installation, and connect the wires according to the correct polarity
- D. Please do not use chemical solvents to wipe the lamp body. It is recommended to wipe the surface of the lamp body with a cotton cloth dampened with a small amount of water
- E. It can only be used indoors

	Part name	Qty
1	Glass lampshade	1
2	Hardware lamp cups	1
3	E26 bulb	0
4	Hardware elbows	1
5	Hardware straight pipes	4
6	Floor lamp base	1

Installation steps:

1. Connect the straight pipe to the upper elbow.
 2. Screw the base of the desk lamp into the straight tube.
 3. Use a hardware collar to secure the bulb glass cover to the lamp head
 4. Install the light bulb and you're done.
- Finally, adjust the wires and apply flannel stickers.
