

Welcome

Thanks for purchasing these **Floating Pool Lights**. Please read this user manual carefully before use.

Package List

Upon opening the package, please check for the following items:

- * 2 × Floating Pool Lights
- * 1 × User Manual

Product Introduction

This is an outdoor floating pool light made of outdoor panel and LED. The highly-efficient outdoor panel will convert outdoor energy into electricity and store it in the built-in battery for the LED. The smart light control system makes sure that the battery will be charged in the daytime (enough light) and power the light in the evening (low light) automatically. This light features easy installation, waterproof and energy saving. It is widely used in the pond, tank, swimming pools, water parks for LED lighting and decoration.

Specifications

- * Material: ABS, PS
- * Bead Quantity: 1Pcs Per Lamp
- * LED Color: Multicolor Gradient
- * Outdoor Panel: 2V/0.25W
- * Working Voltage:1.2V
- * Working Current: Maximum 35MA
- * Rechargeable Battery: Ni-MH AAA 1.2V 600mAh
- * Charging Time:4-6Hours
- * Lighting Time: About 8Hours
- * Waterproof: IP65

Operation Method

- * Turn on the light before installation.
- * Under the sunlight, cover the outdoor panel three times within 4 seconds to turn on the light.
- * (How to confirm the light has been turned on? Cover the outdoor panel, if the LED lights up, that means the light is turned on; if not, repeat the operation above.)
