

ZENTECH SILVER GRAY 12X24 MATTE PORCELAIN 2CM POOL COPING

Uncommonly warm and inviting, the ZenTech Silver Gray 12x24 Matte Porcelain Pool Coping is a perfect example of how durable porcelain can be made to look like natural stone. The pigments used to mimic the surface variations of stone are the same as those used for the tile body—hence its authenticity. Rendered in shades of ivory with silver notes, this is an exquisitely produced through-body tile—and a lovely finishing piece.
