Check accessories

Standard List of Accessories:

When you open the product packaging, please check whether the objects in it are consistent with the main body and accessories you purchased. If there is any inconsistency, please contact our company or our distributor.

Note: 1. Accessories are subject to change without prior notice if the change does not affect usage;

2. The appearance of the product is subject to the physical objects you receive, and the schematic diagram is only for reference.

INSTALLATION STEPS

This product has been inspected and debugged by the factory to the best condition. Please do not disassemble and assemble it yourself.

Before installing the product, please be sure to remove sundries and sludge from the water pipe to prevent sundries from blocking the product.

1.1 Open [(6.49"-6.69") x (4.53"-4.72") x (2.56"min) inch (LxWxD)], Bury water mains as required; Fix the embedded box in the embedded hole (keep it horizontal and vertical) and connect the pipe.

1.2 Open [open size (5.12"-5.31") x (6.49"-6.69") x (2.24"min) inch (LxWxD)], entombed pipe as required; Fix the balance valve body in the embedded hole (keep it horizontal and vertical) and connect the pipe.

2. Fill in the embedded hole after no water leaks. Screw the water intake on the embedded box after removing the shield and press the panel to the wall. Install the waterfall top spray on the inlet part and lock with a hex key.

3. After no water leaks fill in the embedded holes and press the panel to the wall. Use the hex spoon to mount the switch handle and the water release handle, and mount the color on.

INSTALLATION STEPS

4. Insert the decorative seat cover into the shower seat and screw into the mounting hole of the main body (pay attention to keeping level); Use a hose to screw the showerhead seat and handheld together.

5. Screw the nozzle to the mounting hole in the wall (keep it level) to the wall.

INSTALLATION DIMENSION

CLEANING CARE

In order to keep the appearance of product clean, bright and good performance, please take care of the product as follows;

1. Rinse with water only and dry with soft cotton cloth;
2. Use mild liquid and colorless glass cleaner to remove surface dirt and scale film, or use polish without abrasive effect;
3. Do not use abrasive detergent, polish, emery cloth, paper towel or scraper, etc;
4. Do not use acid cleaner, or cleaner and soap with insoluble gran etc;
5. In the process of use, mud may accumulate in the bubbler and make the water flow show, The bubbler can be unscrewed, rinsed with water, and then installed back in place.
